

While Commissioner Oftedal would discuss the political aspects of the labor order, it was reported elsewhere in Washington that the comments from Chicago had convinced the one that the Golding crew has unnecessarily harsh. The trans- interpreted as a warning to the

whole dry service against ruthless enforcement methods.

Commissioner O'Connell would not say where Golding will be assigned, or if he will again head a squad. Traveling orders for Dwight B. Ayer, Golding's chief aid, and James Evans, one of the City Hall Square building raiders, were to be sent to Chicago within a day or two.

Franklin, the Washington bureau records disclose, entered the prohibition service only three months ago after a civil service examination. His home city is Rochester, N. Y., his age is given as 28, and he served in the United States navy. At one time he was employed in the railway mail service. Agent Gill, who is accused of having yielded a blackback as Adams was sprawled on the floor, is said to be a half Cherokee Indian, former army captain and instructor. Golding and his squad came to Chicago last spring while the primary campaign ending April 18 was in progress. They invaded place after place, in nearly all cases without warrants, according to complaints, and they usually brandished sawed off shotguns and plenty of revolvers as they jumped over bars and smashed furniture.

They had attracted considerable attention before they shot Balliff Beatty. Mayor Thompson called them carpet bagger gunmen imported here by his political rivals to help win the election. Congressman Martin B. Madden (since deceased) asked the government authorities to take Golding from Chicago, but Golding stayed.

**Golding's Special Power.**

E. C. Yellowley, administrator for the Chicago district, had no jurisdiction over Golding, who was rated "special agent." Despite all his activities, the inquisitive end of the federal building yesterday were unable to find any record of convictions attributed to Golding. It was said most of his cases hadn't come to trial, but some prosecutors said the evidence was flimsy in a majority of them.

Golding is said to have decided that the citizens of Chicago owed him an automobile and he set forth to confiscate one for himself. That brought him trouble from Federal Judge James H. Wilkerson, who said:

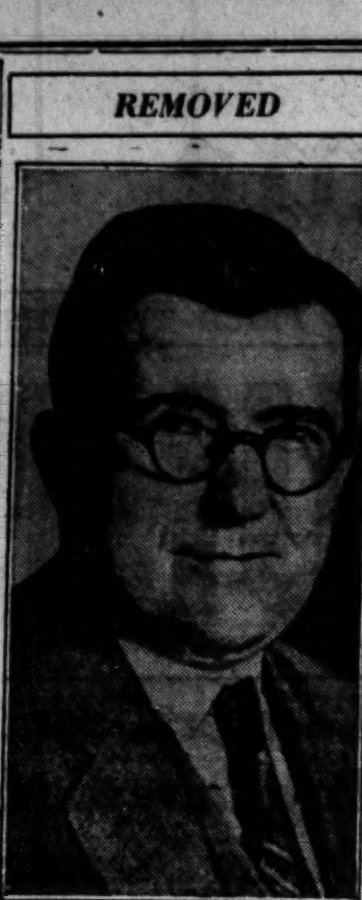

"The courts have not abdicated their functions to prohibition agents, and it is time that the attention of responsible government officers be called to these seizures of automobiles without the shadow of legal or probable cause."

Yet Golding had an automobile with a clanging bell and a shrill siren often heard shrieking as he raced through the loop. He had been in trouble with a policeman in Cleveland and had asserted his rights and arrested the policeman—and no Chicago traffic policeman was known to have opposed him here.

**Protests Beatty's Assassination.**

The government protected Myron Caffey, one of Golding's men who shot Beatty, the balliff, but it since has been agreed that Caffey will be surrendered to the Municipal court next week.

A month ago Golding's men raided the Shakespeare avenue police station and finally lodged a charge against an aged janitor. He, the agents said, was moved to go and buy a pint of moonshine for two agents who sought to entrap him on the plea they were sick and needed a drink. A few days later they had trouble at the Summer.

George Golding, who, with his squad of hard boiled dry agents, was transferred from Chicago to "other fields."

dale police station, claiming their evidence had turned to water.

When Adams was shot, it was learned they had proceeded to make arrests without warrants, and this caused them to be rebuffed again by Judge Wilkerson.

Last night Deputy State reiterated his charge that Adams was shot with a dum-dum bullet, and he exhibited the bullet to substantiate his statement. It had a split in the middle and had expanded somewhat.

"Yes, the wound was larger where the bullet emerged than where it entered," said Dr. S. C. Plummer, who attended Adams. "But, of course, I can't say it was due to a dum-dum bullet, an ordinary bullet sometimes inflicts the same injury."

**Indians Here Plan Part in Chicago's World Fair**

Chicago Indians, representing ten tribes, met last night at the headquarters of the World's Fair to make plans for the staging of a council fire in connection with the centennial celebration in 1933. Oshkosh, chief of the Menominee, has sent word that he will bring a group of his braves to the fair. Adolph Boim, who is in charge of the plans for the centennial dancing carnival, expects to give the Indians a prominent part in the program.

## PARK OFFICIAL ARRAIGNED TODAY FOR KILLING SON

### Begs for Opportunity to Take His Own Life.

(Pictures on back page.)

Shaken with remorse, and still half dazed from moonshine liquor, Arthur F. Falk, northwest park commissioner, wept brokenly in his cell at Cragin police station last night where he is held for killing his only son, Eldridge, 22 years old, whom he shot to death early in the morning during a quarrel at the Falk home, 2643 North Sayre avenue.

"Give me a gun and let me kill myself. My life is wrecked," Falk begged Detective Sergeant Thomas Burns.

Earlier Falk collapsed over the body of his son and had to be assisted by Assistant Prosecutors Harold Levy and Emmett Byrne from an undertaking parlor at 6333 Grand avenue. Today Falk will be arraigned for murder at the Shakespeare avenue court. Capt. James E. Doherty said.

**Deserted by Family.**

Mrs. Olga Falk, and Miss Vernice Falk, 20 years old, mother and sister of the slain boy, were in a state of collapse at the Falk home last night. Despite the pleadings of relatives, the mother and sister persistently refused to speak to Falk or come near him. The inquest will be resumed on Sept. 7.

Somewhat recovered from the stupor in which police found him in his home kneeling beside the body of his son, Falk gave his first coherent account of the tragedy to Prosecutors Levy and Byrne.

"I guess I was pretty blustery from drink, and my boy resented it," Falk said as he munched a sandwich, his first food, he said, for several days.

"If you don't quit abusing my mother I'm going to leave home," Eldridge said to me, racing upstairs to pack his clothes. I followed him. 'You won't leave this house alive,' I told him.

**Best Son Ever, He Says.**

"Then shoot me," cried Eldridge, grabbing up a shotgun I'd given him for Christmas. The gun went off as I took it, and my boy, who was the best son any man ever had, dropped dead at my feet.

"I tried to reload that gun and blow my own brains out, but I couldn't do it."

it. I never fired a shotgun before in my life. I got downstairs somehow and called the police and a doctor."

"Up to a year ago Falk never drank, except for an occasional glass of beer, his friends tell us," said the prosecutors. "A year ago he started on whiskey."

"Six years ago he was elected park commissioner. Before today he was never arrested for any offense in his life. It looks like a case of an upstanding citizen being crazed from moonshine. Tonight he would kill himself in a minute if we gave him the chance."

Eldridge, the slain son, graduated from high school seven years ago. He had since attended night school steadily while working as a salesman.

## ATTACKED BY GOOSE, CHURCHGOER SUES OWNER FOR \$10,000

Washington, D. C., Aug. 28.—(AP)—One of the oddest suits in the history of the District of Columbia Supreme court was filed today by Mrs. Amelia Pacteau against John R. Ragland in which Mrs. Pacteau alleges that she was attacked by a goose of "a mischievous, vicious, excitable, and violent disposition and propensity" owned by Ragland.

Mrs. Pacteau alleged in her complaint that she had been damaged to the extent of \$10,000 when the goose attacked her while she was quietly returning from church on a recent Sunday morning. As the result of the attack, she said, she had been thrown to the ground, had cut her chin, and fractured her wrist.

It never fired a shotgun before in my life. I got downstairs somehow and called the police and a doctor."

"Up to a year ago Falk never drank, except for an occasional glass of beer, his friends tell us," said the prosecutors. "A year ago he started on whiskey."

"Six years ago he was elected park commissioner. Before today he was never arrested for any offense in his life. It looks like a case of an upstanding citizen being crazed from moonshine. Tonight he would kill himself in a minute if we gave him the chance."

Eldridge, the slain son, graduated from high school seven years ago. He had since attended night school steadily while working as a salesman.

## FOUR KILLED BY JEALOUS MAN IN SLAYING ORGY

Sacramento, Cal., Aug. 28.—(AP)—The insane jealousy of a man whose estranged wife was attentive to another man stood today as the motive for the shooting to death of four men and wounding of a fifth here last night. The police held Percy T. Barnes, railroad employe, as the slayer.

L. R. Coburn, named by Barnes as his accomplice, gave the district attorney's office an apparently good alibi and he will probably be released. The officials believe Barnes holds a grudge against Coburn and implicated him in the crime for revenge.

The dead men who fell before the pistol of the slayer during a two hour period of shooting were:

Charles O. Curtis, brother-in-law of Barnes.

Charles Klein, also a brother-in-law of Barnes.

Leo Gearhart, a cousin of Mrs. Barnes.

Clarence Muncy, whom police said intended marrying Barnes' wife following divorce proceedings.

The wounded man was M. H. Larkin, president of a Sacramento transportation company. He encountered the slayer on a highway leading out of the city and was shot when he took William T. Worsted, president of the chamber of commerce of Winnetka, where he operates a garage, and Palmer Glambastian, chief of police of Northfield.

and was given a ninety day suspended sentence.

"Insane jealousy caused him to shoot Muncy," Mrs. Barnes said. "He was jealous of every man I knew."

## THREE OF LOOP OASES RAIDED; EX-DRY AGENT IS SAID TO OWN ONE

Downtown drinking was diminished slightly yesterday and many loop-workers had to go home without their usual gamble, because prohibition agents directed by George Hurlburt raided two places.

In the alleged beer flat on the second floor of 175 North Clark street, across the street from the Sherman hotel, they found two revolvers and a rifle which, they said, the proprietor, Allan Patton, procured after he had been threatened with death for refusal to buy his beer from a certain gang.

In the well furnished club at 123 North Clark street, across the street from the County building, the agents arrested William Keane, bartender, and vainly sought Archie Benson, former prohibition agent, who, they say, is the owner.

Another raid was that on the Mint restaurant, at 219 South State street, where Sam Traback and S. Herman were arrested.

United States Commissioner Edward K. Walker arraigned 13 men and one woman arrested Monday night in Winnetka, Hubbard Woods and Northfield. They were released on \$1,000 bonds. Included among them were William T. Worsted, president of the chamber of commerce of Winnetka, where he operates a garage, and Palmer Glambastian, chief of police of Northfield.

and was given a ninety day suspended sentence.

"Insane jealousy caused him to shoot Muncy," Mrs. Barnes said. "He was jealous of every man I knew."

Built on Confidence

**A Matter of Confidence Not a "Battle of Wits"**

SUPPOSE one of the largest fur stores in Chicago (which happens to be ourselves) ran a Help Wanted Ad for a Fur Buyer. Could you qualify? Do you feel that you could go to the fur markets of the world and match your knowledge of furs with the shrewd veterans of the "trade"? Could you recognize the difference between two skins as much alike as two pictures—and yet widely apart in value? With the highest respect for your judgment, will Madame pardon us if we warn her that it is dangerous to engage in a "battle of wits" when buying furs? You wouldn't buy a diamond that way. You know in that case that "WHERE" counts as much as "WHAT." For there's more to a Fur Coat than the name of the fur. There's the glory of style. There's the choiceness of the skins. There's the refining touch of expert craftsmanship. So for the 20th time MILLER & CO. nail the word CONFIDENCE at the masthead of their greatest

ill 9 P. M. **Loesch to Ask Another Jury to Fight Fraud**  
A Matter of Confidence Not a "Battle of Wits"  
Judge Awaits the Request Before He Decides.  
Frank J. Loesch, special assistant attorney general, stated yesterday that he would ask for a special September grand jury to carry on the investigation into the alliance between crime and politics.  
Judge John J. Sullivan, who takes on the duties of chief justice of the criminal court on Monday, refused last night to state what his position will be on the request.  
"I cannot say what position I will take on calling a special grand jury until the formal request is presented to me," Judge Sullivan said when reached at his summer home at Long Beach, Michigan City, Ind., last night.  
"When the request is made, if it is, I shall consider it as any other legal matter brought before me."  
Three Special Juries Meet.  
Judge Sullivan, a Democrat, becomes chief justice by the automatic retirement of Judge William V. Brothers from that position. Judge Brothers has been granted the special promotion three special grand juries during the months of June, July, and August.  
Mr. Loesch announced yesterday that the September jury is necessary if his staff is to present for consideration all the evidence so far gathered against certain politicians, gamblers, resort owners, and hoodlums. The August grand jury expires not later than Saturday and probably will be discharged before that time.  
"Although we feel fairly confident that a new jury will be impaneled, we cannot be sure," said Mr. Loesch. "My most fervent hope is, however, that the new state's attorney will carry on the investigation we now started. In this ocean of fraud and crime in Cook county that state's attorney can do a world of good working it out."  
If the August grand jury has any settlements to return they will be against minor figures in the inquiry, Mr. Loesch said.  
Not Summoned, Galpin Says.  
Homer K. Galpin, G. O. P. political chieftain of the 27th ward, who was supposed to have appeared before the grand jury Monday as a result of a gentlemen's agreement, according to the prosecutors, was reached at his given lake retreat at Big Sand Lake, Wis., last night.  
"I was not subpoenaed," he replied to a query as to why he failed to appear and answer the questions of the special prosecutors about rumors of political contributions from hoodlums and racketeer organizations to the "America First" ticket.  
"I will return to Chicago next week. If I am subpoenaed, of course, I will appear before the grand jury," he said.  
The special grand jury at its session yesterday heard no witnesses. The entire afternoon was spent in executive session. True bills will probably be voted on today. The Eilers, City Collector Morris and Judge Emanuel, and 18 of their henchmen, are to be placed on trial Sept. 17, according to the present schedule.  
Eugene Kretzke was arraigned before Judge Robert O'Connell yesterday. His case was continued to Sept. 7. He is accused of taking part in kidnappings on primary day.  
Seize Kaplan and Eisen.  
Sam Kaplan, 28 years old, of 710 West 14th street, already under indictment in connection with the Grand jury murder, was chased through several west side streets by Lieut. John L. Sullivan and his detective bureau squad, the police firing a dozen shots in the air last night. In the auto with him when captured were Maxie Eisen of 649 Fulton street, head of a fish peddlers' union, and Max Stein, 25 years old, of 1013 West 13th street. State Senator James De Leonardi and Attorney Abraham Kretzke, father of Eugene Kretzke, Eiler lieutenant who was held in \$40,000 bonds on kidnapping charges, soon appeared at the detective bureau. They demanded Kaplan and his companions be booked, but Deputy Commissioner John Stago refused, stating he would show them to victims of recent crimes. Operatives under the direction of Sheridan A. Bruseaux, special investigator for the grand jury, last night served subpoenas to more than fifty operators of policy and other gambling games and keepers of disorderly houses on the south side. These are alleged to have contributed to the Crowe-Thompson America First campaign in the recent primary.

**LOESCH TO ASK ANOTHER JURY TO FIGHT FRAUD**  
A Matter of Confidence Not a "Battle of Wits"

**SEARCH FOR 2 MISSING FLYERS IN THREE STATES**  
Vanish on Buffalo to New York Hop.  
Curious Field, L. I., Aug. 28.—(Special.)—Search was started today for M. M. Merrill, veteran flyer and manager of this flying field, who disappeared on a flight from Buffalo to New York in Col. Lindbergh's Falcon biplane, with Edward Ronne as a passenger.  
Elmer Meyers, who in Mr. Merrill's absence is in charge of Curious field, telegraphed a request to the state police of New York, New Jersey, and Pennsylvania to conduct an extensive ground search along the possible routes from Buffalo in the surmise that Mr. Merrill and his passenger, who was manager of a Buffalo airport, may be down somewhere with a crippled engine.  
Meanwhile, as twenty pilots stood ready to join a search of the airways, the first plane took off to hunt the missing aviator from the air. It was piloted by Capt. Fred Becker, a co-worker and friend of "Merrie" Merrill. Capt. Becker returned after about one and one-half hours. The weather was too thick for observing, he said.  
Mrs. Merrill is confident her husband is safe. She said that once before he had been missing for a day and a half after his plane had landed in a tree. She believes a similar mishap may have occurred this time.  
According to the dispatches from Ithaca, an airplane which might have been the one Merrill was flying, circled that city at dusk yesterday, as if seeking a landing place. Residents of Haskinsville, N. Y., a small settlement on the Buffalo-New York air route, also reported seeing a plane about half an hour after the two flyers left Buffalo.

**AMELIA EARHART'S OCEAN PLANE TO BE SENT BACK TO U. S.**  
[Chicago Tribune Press Service.]  
SOUTHAMPTON, Aug. 28.—The monoplane Friendship, in which Miss Amelia Earhart and her two companions, Lou Gordon and Pilot Stutz, flew the Atlantic, is being shipped to New York this week. It is reported to have been sold to the Rogers Air Lines of the United States for \$60,000 and will take part in a New York-Los Angeles transcontinental flight.  
about one and one-half hours. The weather was too thick for observing, he said.  
Mrs. Merrill is confident her husband is safe. She said that once before he had been missing for a day and a half after his plane had landed in a tree. She believes a similar mishap may have occurred this time.  
According to the dispatches from Ithaca, an airplane which might have been the one Merrill was flying, circled that city at dusk yesterday, as if seeking a landing place. Residents of Haskinsville, N. Y., a small settlement on the Buffalo-New York air route, also reported seeing a plane about half an hour after the two flyers left Buffalo.

**NEWSBOY KILLED BY AUTO; DRIVER CAUGHT IN CHASE**  
Albert Knittle, 10 year old newsboy, was fatally injured yesterday when struck by an automobile at 75th and State streets. Hobart Hibbins, 6041 South Peoria street, driver of the car, attempted to escape after the accident, but was captured by a newspaper truck driver. Police said Hibbins and a companion, August McKenna, 6306 South Hermitage avenue, were intoxicated.  
Two other motor deaths raised the total since Jan. 1 to 648.  
Percy R. Kimberly, 55 years old, of the Edgewater Beach hotel, president of the Kimberly Radio corporation, 164 East Erie street, was fatally injured and his wife, Susanne, suffered a broken arm when their automobile was rammed by another automobile in the Northwest highway two miles north of Barrington, Ill. Frank Kellinek of Cary, Ill., said to be the other driver, was held.  
Rudolph Karabo, 18 years old, 4822 Polk street, was fatally hurt when in avoiding a speeding automobile, he swerved his motorcycle and crashed into an electric light post at Crawford avenue and Arthington street.

Our selection embraces all the distinguished new cloths and furs with a wide range of special prices from \$95 to \$250.

**HIRAM JOHNSON HOLDS BIG LEAD IN SENATE RACE**  
Has Margin of 6 to 1 in California Vote.  
San Francisco, Cal., Aug. 28.—(AP)—A lead of more than six to one was rolled up by Senator Hiram W. Johnson over his Republican opponent, Charles H. Randall, when returns from 865 of the state's 1,082 precincts were tabulated tonight.  
Senator Johnson sought his party's nomination for his third senatorial term at today's California primary election. The 865 precincts gave: Johnson, 23,130; Randall, 4,618.  
In the contested congressional fight in the eighth district, Representative Arthur M. Free of San Jose had a commanding lead in early returns over Mrs. Cecelia Casserly of San Jose, who was contesting with him for both the Democratic and Republican nominations.  
Women outnumbered men among the voters. Some of the women voters were under misapprehensions concerning the purpose of the election. Several precincts here reported arguments with voters who wanted to vote for Herbert Hoover or Gov. Alfred E. Smith.  
Idaho G. O. P. Nominates.  
Kellogg, Idaho, Aug. 28.—(AP)—Gov. H. C. Baldrige was nominated as candidate for reelection by the Republican state convention here today.

**PRINCE OF WALES IN KILTS DRAWS SCOTCH CHEERS**  
ABERDEEN, Scotland, Aug. 28.—(AP)—The prince of Wales, on his way south from Balmoral castle, where he had exchanged good-bys with the king, appeared in kilts today before a great crowd, which watched him lay the cornerstone of a new hospital here. This was his last official engagement in Great Britain before leaving with his brother, the Duke of Gloucester, on an African tour. The Duke of York, also in kilts, also participated in the ceremony. Both received rousing receptions.  
Other candidates nominated were: For United States senator, John Thomas of Gooding; congressman of the First district, Burton L. French, Moscow; congressman Second district, Addison T. Smith, Twin Falls.  
Democrats Nominate Ross.  
Grangeville, Idaho, Aug. 28.—(AP)—Modification of the Volstead act to permit the sale of light wines and beer was advocated today by George Donert, temporary chairman of the Democratic state convention here, in his keynote address. Donert said the United States had experienced nine years of nullification of the prohibition law and was prepared for sensible modification. Ben Ross of Pocatello was nominated for governor.  
Some Carolina Voters Bolt Smith.  
Columbia, S. C., Aug. 28.—(AP)—South Carolina Democrats voting in the biennial primary election, today usually is equivalent to election, today nominated every member of the present delegation to congress. Some voters were turned away from the polls because of refusals to take the oath binding them to vote for the state and national candidates at the November election.

## 3,500 'SILENT COPS' TO SPEED GOTHAM AUTOS

Synchronized Light Plan Saves Millions.

BY TOM PETTEY.

(Chicago Tribune Press Service.)  
New York, Aug. 28. (Special.)—New York's motor traffic may move like a myriad of marionettes controlled by some giant puppet master. The electric trunks that are to cover the metropolis like a spider web already are reaching out to the major arteries and when the synchronization of the city's traffic control light system is completed, 3,500 "silent cops" will blink with the regularity of clockwork.

An aviator looking down on the city then would see miles and miles of traffic lines with a flow as regular as the tides.

Washington has installed a somewhat similar "progressive system" on certain of its highways. Chicago, Milwaukee and Cleveland have adapted the plan to their particular needs. Just how far it can be applied in some sections of New York is yet to be determined.

Guide Way to Coney Island.  
Already these coordinated traffic lights line the highway to Coney Island, guide motorists along West End avenue, Grand-concourse and some of the boulevards. The period of experimentation rapidly is passing and experts say the lights will solve, to a certain degree, some of New York's most acute traffic problems.

Philip D. Hoyt, deputy police commissioner and chairman of the police traffic board, believes the "silent cops" will not only speed up traffic, but will cut down the heavy toll in deaths and injuries due to street congestion.

"The lights on Ocean avenue in Brooklyn," says Mr. Hoyt, "already have replaced 42 traffic officers and will save the city \$97,660 annually. The system cost only \$20,000 to install and will cost about \$5,000 a year to operate."

The West End lights in Manhattan will save \$215,600 yearly.

25 Miles an Hour.  
The synchronized system provides for the traveling of automobiles at the rate of 25 miles an hour without a stop. Under the plan long waits for passage in uptown streets will be eliminated to a large degree, while the traveling time between lights in the more congested parts of the city will be extended to allow for tardiness in starting.

Police statistics show that more than 17,000 vehicles pass the intersection of 7th avenue and 40th street 7 a. m. and 7 p. m., and that between 5 p. m. and 6 p. m. daily almost 5,000 cars pass this point. At 34th street and Broadway 34,000 automobiles pass in the same 12 hour period and the traffic is equally heavy at 6th avenue and 42d street. These cross roads are typical of the more congested areas.

The tie-ups and confusion at these points, Mr. Hoyt believes, will be greatly relieved as soon as the control system can be made entirely automatic.

Replaces 5,000 Police.

The following statistics give some idea of the magnitude of what its sponsors call "the greatest street travel control system in the world."

It is to do the work of 5,000 policemen and permit these traffic cops to join the war on crime.

The saving to the city will be almost \$14,000,000 annually.

An additional saving of millions of

## U. S. AND CANADA ASK PUBLICITY ON ARMS MAKERS

GENEVA, Aug. 28. (AP)—The United States and Canada strove together today to obtain the widest kind of publicity concerning the manufacture of armaments.

Ambassador Hugh Wilson for the United States and Dr. W. A. Riddell for Canada, voiced their disapproval of a draft project reported to the commission which is trying to frame a convention for the control and manufacture of arms, on the ground that it did not go far enough. Both delegates favored giving the same publicity to arms manufactured by governments as to arms made in private factories.

The draft provision will be sent to the council of the league with reservations attached and the council and the assembly must decide whether with the project subject to differences of opinion it is feasible to convolve an international conference for its discussion. Russia today refused to participate in the conference.

## Veterans Praise Kellogg Treaty to Stop All Wars

Indianapolis, Ind., Aug. 28. (AP)—In a resolution adopted today, the Veterans of Foreign Wars, in national encampment here, commended the action of fifteen nations in signing the Kellogg-Briand peace treaty "as a step in the cause of world peace unprecedented in history."

The resolution also extended to President Coolidge and to Frank B. Kellogg, secretary of state, congratulations of the veterans' organization for their "masterly statesmanship which resulted in the treaty."

## JUGO-SLAVS SIGN KELLOGG PACT AS OTHERS O. K. IT

Four More Nations Plan to Adhere Quickly.

(Continued from first page.)

grave of the Irish Free State will accompany him.

Miss Doris Stevens, former wife of Dudley Field Malone, noted American lawyer, and chairman of the National Woman's party executive committee, Miss Betty Gram, prominent American suffragette, and half a dozen European feminists secured their long sought feminine equality more suddenly than they expected today. They were marched off to jail after they had tried to force a draft of their "sex equality treaty" into the summer home of President Gaston Doumergue during his luncheon to the signatories of the Kellogg pact.

Their progress blocked by a capable staff of determined guards, policemen, and detectives, the women delegates fumed and fussed on the exterior of the presidential chateau, helplessly parading their banner marked "We demand the equal rights treaty."

While the plenipotentiaries lunched innocently, this funny procession continued a full hour, to the delight of the assembled villagers and the mild amusement of the guards.

The indifference to their plea finally

got the picketers' goat, however, and they determined to resort to more drastic measures. Muttering their best persuasive abilities in uncertain French, the delegates whispered sweetly in the ear of a sympathetic looking lackey garbed in a brilliant uniform who was guarding the gates.

This man was apparently weakening when a grim detective butted in and roughly seized the banner and flags and other paraphernalia. "But we were only attempting to pass a note to the ministers," protested a youthful member of the feminist party, whereupon the detective took the note, too, and promptly tore it up.

The equality seekers were only released after four hours in the lockup.

Says Pope Should Have Signed.

(Chicago Tribune Press Service.)  
ROME, Aug. 28.—Taking its cue from Premier Mussolini's gesture in going to watch mimic warfare of Italy's troops on the eve of the signing of the Kellogg pact to outlaw war, the Fascist press today continued to hurl gibes at the treaty.

"It is a good thing to know that the pact is dedicated to the dead," says Impero. "It won't help the living."

The Vatican organ, Osservatore Romano, gives unctuous approval to the pact, but says that while it is a good moral gesture, it is merely an affirmation of platonic principles which would have carried more weight had Pope Pius been invited to sign also. Observers Romano thinks that without the signature of the pope, the Kellogg pact becomes a mere fragile convention between men, whereas the pontiff's signature would have given it permanence and stability.

Pershing Praises Treaty.

Washington, D. C., Aug. 28. (AP)—Gen. Pershing, in a statement today on the new anti-war treaty, said: "I consider the treaty that was signed yesterday in Paris for the elimination of war as a national policy among the signatory nations as the most important step ever taken toward world peace."

## EXPLORER COMBS GREENLAND; FAILS TO FIND HASSEL

(Chicago Tribune Press Service.)  
COPENHAGEN, Aug. 28.—The Danish explorer Knud Rasmussen reports from Greenland that he has searched the whole coastline from Mount Evans, the destination of the two lost Illinois flyers, Bert Hassel and Parker Cramer, and southward and that he is continuing his search. Eskimos have been stationed on all the mountain summits from Mount Evans to Cape Farewell. Kayaks and sleds are busy along the same route. The sheriff of North Greenland telegraphed the Greenland administration today that the noise of a plane had been heard off the settlement of Akigssarsuk, in the Eggedsmide district. The time was not given, but the sheriff is investigating.

## Strengthen Your Credit

Money isn't "easy" today, but if you build on the right basis NOW, you'll be in a strong position when the dollars are even harder to "buy."

As a representative of a \$50,000,000 concern, I have a simple plan, thoroughly sound and approved by bankers, which will add strength to your present credit and provide a steadily growing source of ready funds for future emergencies.

Let me explain—no obligation whatever.

## FIVE ARRESTED FOR HAVING FAKE VEHICLE TAGS

Crusade Bares Bargains in False Plates.

BY OSCAR HEWITT.

Five truck drivers of the J. D. K. Cartage, 1187 Blue Island avenue, were arrested yesterday on charges of operating without a chauffeur's license and with license plates said to be fakes on the trucks. They were taken to the Des Plaines street station and locked up by Officers Folsom and Ryan. They are to have a hearing in the Municipal court there this morning.

These arrests are the first results of an investigation by the staff of the council finance committee to ascertain how much money is being lost by the city in vehicle licenses. The names of about 600 owners have been turned over to the police, because the records indicate they are operating without having paid city vehicle tax fees.

Many Fake Tags Sold.

Harry Gillard and Stanley Wisniewski, investigators, reported they had been informed that fake plates have been sold extensively. According to their information the peddlers of the fake vehicle tax tags obtain them for 50 cents each and sell them from \$1 upwards. The attention of investigators was directed to the fake tags by discovering two small trucks with blue tags issued for trucks of high horse power. The blue tags cost \$30 while the yellow tags of small horse power cost only \$15. The fake tags actually are duplicates in size, color and printing of the official vehicle tags.

The exception is that one period has been omitted in the phony tags. The inquiry to date relates only to trucks and 600 is about one-eighth of the total licensed last year.

Of the J. R. K. Cartage trucks one carried license tax plate No. L-2066. The city records show that W. O. Dill, 610 Prairie avenue, obtained that license plate from the city and has his receipt showing its purchase. Another J. R. K. truck was wearing city license tag No. 12061. The records show that the official tag of this number was bought and paid for by J. H. Ogilvie, 1034 E. 75th street. Another alleged fake vehicle tag on a J. R. K. truck is 12078, officially issued to the Davidson Cartage company, 8901 Baltimore avenue. No. 12083 issued to W. O. Dill, 610 Prairie avenue is said to be another fake number used by J. R. K. Cartage. Another number on a J. R. K. truck is 12081. That was issued to the Davidson Cartage company.

Bowler Approves of Crusade.

"I heartily approve of this crusade," commented Ald. T. J. Bowler, chairman of the safety commission. "But why arrest a driver whose

## "I GOTTA DRAG"

290-560

564-097  
Mama W. Virgus, 6111 Farnell avenue, "Personal Staff President of County Board."

employer has vehicle tax plate, said to be a fake, on the truck?" was asked.

"The chauffeurs should have had a license to operate," Bowler explained. "They must be in court tomorrow morning and tell who employed them to operate the truck. When that sworn testimony is obtained I favor arresting the truck owner. The trucks do more damage to pavements than do the pleasure autos, and the truck owner who buys a fake tag for \$2 instead of a city tag at \$30 should be lodged in jail."

More than twice as many more arrests are promised for today.

## HUNT FOR VICTIM AFTER SHOOTING AT UNION HALL

Reports of a shooting at Union hall, 220 South Ashland avenue, last night brought five detective bureau squads to the meeting of business agents of various unions. Entrance was first denied to two motorcycle policemen from the Warren avenue station with the threat, "break down the door and we'll shoot your heads off." A guard was stationed and a riot call sent in for extra men and tear gas bombs.

With the arrival of Lieut. Andrew Carroll of the detective bureau, the police were admitted, but no evidence of a shooting was found. The explanation was made that a fist fight had occurred between two members. Police later learned, through an anonymous telephone call, that Daniel Tognotti of the Excavators' union, had been shot in the fight, and taken away immediately afterward. A check of doctors' offices and hospitals was ordered.

## STARRED AUTOS' HORNS TOOTING "I GOTTA DRAG"

Vex Cops at Crossings; Take Best Parking.

Star league members with their motto, "I gotta drag," are as obnoxious to the traffic policemen as they are to the lesser privileged motorist, according to men who direct traffic along the boulevards and come in contact with hundreds of the leaguers every day.

"They are the hardest drivers to handle we have," the traffic policeman stationed at Michigan avenue and Madison street declared as he pointed out the automobiles bearing the gold stars to a TRIBUNE photographer. "Usually they expect us to give them special consideration. They want to park in no parking zones and make left turns on congested boulevards. Besides they are as a rule discourteous to us as well as to other motorists. We don't always know who they are so we have to be careful about rebuking them."

As a rule the automobile bearing the stars occupy the preferred parking positions. An examination of the automobiles parked in Wacker drive and near Wrigley field revealed the following persons as members of the league:

"City of Chicago official," Mrs. F. Paschen, 5022 Sheridan road, Welsbach Street Lighting company, 122 South Michigan avenue.

"Deputy sheriff," Julius Rosenheim, 3715 West 60th street, "Republican Boosters' club," Isaac Zechman, 1642 Warner avenue.

"Member of Illinois general assembly," Thomas J. O'Grady, 5224 South Michigan avenue.

"Illinois state official," Herman A. DeVry, 4836 North Ashland avenue.

"Commerce commissioner, state of Illinois," Cadillac Motor Car company, 2201 South Michigan avenue.

"Sanitary district official," M. Schloss, 1223 Rosedale avenue.

"Municipal court of Chicago," Edgar A. Oppenheimer, 62 East Adams street.

"Special deputy sheriff," W. A. Whiting, 3905 North Keeler avenue.

"Personal staff president of county board," Mama W. Virgus, 6111 Farnell avenue.

"Illinois police reserves," E. E. Haigh, 910 Maple avenue, Evanston.

"Justice of peace, Cook county," Alice B. Utzode, Wheeling, Ill.

## Ford Mopes Cork Plant to Manchester, England

(Chicago Tribune Press Service.)  
CORK, Ireland, Aug. 28.—It was announced today that Henry Ford's

Cork plant is being transferred to Manchester, England, owing to the import duty difficulties, which precluded Ford cars from competing in the British market. Cork will lose between \$25,000 and \$35,000 in weekly wages.

## Martha Washington Candies Go Right to the Mark

IT'S a big mistake to think she doesn't like candy in warm weather. Take her a box of Martha Washington's Special Summer Assortment tonight and see how delighted she will be. Or send some if she is away. You've never seen such a tempting array of sweets . . . pecan slices . . . Virginia fudge . . . apricot puffs . . . salted pecans and almonds . . . spicy little gumdrops . . . bonbons . . . a dozen other dainties. Priced the same as all our candies, of course.

70c POUND

## Martha Washington Candies

"MOTHER OF AMERICAN CANDIES"

## How remote seems the

time when an English Field Marshal, at the seat of the great World War, included, in a typical English way, the famous comment above, in a dispatch to the Home Office! And now, ten years after the armistice, the Great World Powers, and some of the little ones, are sitting down to a love feast in the hope that it is the precursor of the millennium.

☆☆☆

## One of the evidences of

immortality is that always, in every field of thought, there are individuals and groups, sometimes isolated, devoting their lives to striving for the betterment of conditions in the world, in ways which offer little or no hope of personal reward from their fellow men. No doubt, unsung heroes were the medium of inspiration to the famous men whose glory will be enhanced or tarnished by the results of the present effort towards permanent world peace.

☆☆☆

## And even in the business

world, what a shallow thing enterprise becomes when followed solely for personal gain! Profit grows most rapidly and becomes most permanent when treated as an essential incident rather than an exclusive objective. Few businesses lacking depth of purpose survive over periods notably long for their fields, although often the purpose is instinctive rather than deliberate—and so, possibly, all the sounder.

☆☆☆

## The business of restaur-

ant-keeping, although in one of the most ancient paths of commercial pursuits, is one of the most unstable. Ask some old-timer to name the restaurants active in Chicago now which were here prior to the Spanish-American War, and then to list those which flourished then and have long since closed their doors. And yet, as you will find by reference to the back of a famous menu card in service at certain hours of each day, the echoes of the Civil War had hardly ceased when Henrici's came into existence. There must have been, of course, an unusual depth of purpose there which, to the benefit of its patrons, continues to this day.

☆☆☆

## Really, you would greatly

enjoy a breakfast, luncheon, dinner or late supper in Henrici's. Why not today?

## RUM, RELIGION PUT MONTANA IN POLITICAL SNARL

Low Wheat, High Cattle  
Price Add to Turmoil.

BY ARTHUR EVANS.

[Chicago Tribune Press Service.] Helena, Mont., Aug. 28.—(Special.)—Politics in Montana is a bewildering mixture of low wheat prices, high wool and beef prices, Volsteadism, echoes of old feuds of dead copper kings, and the matter of religion. The state is normally Republican by 20,000, which helps Hoover. It is wet and kicked out its state enforcement law two years ago, which helps Smith.

Cattle and sheep men are mainly Republicans, a Hoover asset. Wheat growers are growling about the tumble in prices, a card for Smith.

**Newspapers in Fight.**  
The Anaconda Copper Mining company, which controls nearly all the daily newspapers of the state, carried Montana for Coolidge in 1924. This year the impression is the Anaconda inclined toward Smith—a large factor.

W. A. Clark Jr., in his paper, is favoring Smith. The remaining W. A. Clark interests in the state have been acquired by the Anaconda company, and a furious exchange of recriminations fills the front pages of the Butte and Anaconda papers. It is an echo of ancient battles between copper millionaires now dead—the late Senator William Andrews Clark and Marcus Daly, founder of the Anaconda.

But overshadowing these things is religious intolerance. This is one state where the matter of religion is openly in politics. Politicians are all discussing it, the prospect of Hoover vs. Smith are weighed in terms of churches or church backgrounds.

**Appeal to Religious Fanaticism.**  
It is all wrapped up with dry fanaticism. The dries are trying to put the state enforcement act back on the books by referendum in November. The state having shown its wetness in 1926 on a referendum, professional dries are seeking to overcome this by an appeal to religious fanaticism.

Montana is being flooded with papers and cartoons from the east filled with rabid appeals. Fanatics are working night and day. Leaders here have been unable to discover who is directing the stream of literature, but they discern indications that the Anti-Saloon league is helping it along.

Montana is a state where the league revealed its methods 10 or 12 years ago. At the time state prohibition was up the Anti-Saloon league bosses went in toughs and gunmen from outside, who swaggered into barrooms, threw down a few drinks, and started a "rough-house." The league openly boasted of its toughness.

**Dry G. O. P. Leader Disgusted.**  
Old time politicians, both wet and dry, say the league, in its effort to make a wet state dry, is using religious intolerance as its method. One dry Protestant Republican statesman of national eminence threw up his hands today in commenting on all this.

"I'm a Hoover Republican," he said, "and I hate Tammany, but, my God, I'd sooner see Smith elected than see this election dominated by religious intolerance."

Montana casts only about 170,000 votes. Politicians figure that not

## OPEN HEADQUARTERS OF G.O.P. IN LOUISIANA; ACTIVE FIGHT PLANNED

New Orleans, La., Aug. 28.—(AP)—Republican headquarters in Louisiana were opened here today and an active fight in behalf of Herbert Hoover was forecast by party leaders.

O. A. Cotton, local business man, was in charge, acting as campaign manager in Louisiana. He was appointed by the national headquarters and will act under the supervision of Horace H. Mann, who will direct the campaign in the southern states from Washington. A quota of \$70,000 for the Republican campaign in this state has been set.

more than one-fourth of the state is actually religious, but that about 20 per cent of the electorate has a Catholic background and 70 per cent has a non-Catholic background.

They estimate about 60,000 votes are normally Republican, 60,000 are normally Democratic, and 30,000 are independent and unaffiliated. Just how the cross-currents on Volsteadism, church faith, and farm relief will affect this distribution is what puzzles them.

**Obiterated in Politics.**  
In former years the matter of which church a candidate attends has been obiterated in politics. Montana has two Democratic United States senators. Senator Thomas J. Walsh is a dry Catholic. Senator Burton K.

Wheeler is a dry Methodist and a Shriner. Wheeler lives in Butte, an Irish Democratic stronghold. They point out, too, that John M. Evans, a Protestant Democrat, has sat in congress for the last 14 years from the First district, in which is Butte. Religion has never entered.

A terrible battle over the senatorship is on. Joseph M. Dixon, who will be remembered as chairman of the Bull Moose and manager of the Roosevelt campaign in 1912, is the Republican nominee against Senator Wheeler. Mr. Dixon has been senator and governor, and back in 1920 he defeated Wheeler for the governorship by 40,000, Wheeler having the support of the Nonpartisan league.

**Wheeler Still Strong.**  
Senator Wheeler, who in 1924 was running mate for La Follette in the third party, does not appear to have been weakened among the Democrats here by his bolt. In the primaries he ran like a scared hare and defeated Samuel V. Stewart, a former governor, by an overwhelming vote.

The railroad brotherhood sent men in to help Wheeler and former Secretary of Labor Wilson came into the state with half a dozen high powered union mine organizers from West Virginia, picked by John Lewis, head of the United Mine Workers.

Wheeler is now visiting northwest states organizing independent groups for Al Smith. He has been in Minnesota, North Dakota and Wisconsin. Senator Walsh is for Smith, and his remark at Albany—"The people want a smile in the White House again" is being used somewhat as a slogan out here.

Mr. Dixon is strongly supporting Hoover. The state was a Lowden

stronghold, and the action at Kansas City, pigeonholing the equalization fee, caused a lot of soreness. This was relieved, however, when Smith rejected the equalization fee—on that the matter of farm relief the tide swung back towards the Republican ticket. Then wheat dropped and that's the puzzle in the situation.

**Wheat Crop Tremendous.**  
The state has a tremendous wheat crop but it was bringing 73 cents a few days ago out in Roosevelt county where the crop is the greatest known, where a year ago it was \$1.33 a bushel. The Republicans say November will find the wheat growers voting for Hoover, for even at the low prices the huge crop will bring them in good sized checks.

As to agriculture, Montana has had four years of prosperity. It was defeated in a hurry in 1920. It did not take so far to bounce back with land at \$20 an acre as in states with \$200 land. They were down to the bottom in 1923—the cattle industry had been shot into smithereens and the cattlemen were "busted." Now it has come back with a tremendous bound. Wool is up to 40 cents a pound where it was 25 cents and less, and Montana is the third wool state. Beef brings ten to twelve cents on the hoof, where it was six cents or less. Lambs are eleven cents a pound, where in 1922 they were five or six cents.

As to mining copper, it is almost 15 cents where it was twelve. Three sugar beet factories increased the Republican vote. Then there are 5,000 to 6,000 Indian voters who are putting on a war dance for Hoover's running mate, Big Chief Curtis, and in a total electorate of only 170,000 votes this is a sizeable bunch of ballots.

Smith's first visit and campaign trip across the Hudson. Mr. McCarter was a guest with the governor at a dinner last night in the home of William H. English at Middletown, N. J.

Also at the dinner was Thomas M. McCarter, brother of Uzal McCarter, president of the Public Service corporation, powerful New Jersey light, power, gas and trolley corporation.

The statement today by Uzal McCarter is accepted in Democratic circles as indication that the powerful support of the public service corporation will be in Smith's corner.

# KIMBALL PIANO

THE beginning of school calls for ambitious plans in which music should have its share. Have you thought how important the piano is today in any form of music study, whether of voice or instrument? The vocalist, the violinist, the organist all recognize the necessity of piano study.

### Recognition Through the Years

And children "grow up with the Kimball" conscious of its correct tone and perfect action, which has for years received unqualified praise from world famous musicians.

Among these are numbered not only great concert artists and operatic stars, but also juries of awards at international expositions. Wherever the Kimball piano has been shown—at the Panama-Pacific Exposition, the Alaska-Yukon, World's Columbian, and elsewhere—it has always won the highest attainable honors.

### The Kimball "Junior" Upright

Why not bring the youngsters with you and let them hear the Kimball? Let them see the beautiful little "Junior" Upright, built especially for the little folks, but with a full scale, even throughout, and powerful, rich tone. See the larger sizes also, which are always in demand.

The Kimball "One-Price" assures the same full, generous value to every purchaser. Partial payments, if desired.

We invite you to see the graceful period designs now so much in vogue. They are a notable expression of the present trend toward new aesthetic forms in the whole range of modern culture. Let us show you the new Kimball styles in classic-modern grinds. Whenever you call you will enjoy a demonstration.

## BIG NEW JERSEY UTILITIES GROUP OUT FOR SMITH

New York, Aug. 28.—(Special.)—Uzal H. McCarter, president of the Fidelity-Union Trust Company of Newark, and a Republican, announced today that he would vote for Gov. Smith this fall.

This was hailed by associates of Gov. Smith as a break which would make certain Democratic victory in New Jersey.

It is the first outstanding result of Gov. Smith's first visit and campaign trip across the Hudson. Mr. McCarter was a guest with the governor at a dinner last night in the home of William H. English at Middletown, N. J.

Also at the dinner was Thomas M. McCarter, brother of Uzal McCarter, president of the Public Service corporation, powerful New Jersey light, power, gas and trolley corporation.

The statement today by Uzal McCarter is accepted in Democratic circles as indication that the powerful support of the public service corporation will be in Smith's corner.

## 12 CHARGED WITH OBREGON KILLING PLEAD NOT GUILTY

MEXICO CITY, Aug. 28.—(AP)—Denials that they bore any share of responsibility for the assassination of President Elect Alvaro Obregon were made today by twelve persons recently arrested when they were called, one by one, before the court of first instance to hear the indictments against them.

The twelve originally were charged with conspiring to poison Gen. Obregon and President Plutarco Elias Calles last spring, with the manufacture of bombs and with being involved in the bombing of the chamber of deputies and Obregon headquarters.

Formal indictments filed yesterday repeated these charges. Señorito Maria Elena Manzano, 21, was named as ringleader in the alleged plot of the twelve to slay Gen. Obregon and President Calles. Police said she planned to dance with the two generals and, while dancing, prick them with a poisoned pin.

Store will be open all day Saturday, September 1

Imported Party Slipper—patent leather slipper made in Switzerland, ankle or instep strap, sizes 4 to 8, \$3.10.

## SMITH LEADERS ASK FOR AID OF CARTER HARRISON

Pick Him to Head Club  
for Illinois.

Carter H. Harrison, four times mayor of Chicago, will be offered the presidency of the Al Smith club of Illinois and urged to take an active part in the 1928 campaign.

Announcement to that effect was made last night by Anton J. Cermak, Democratic candidate for United States senator, on his return from St. Louis. There the Democratic leaders of the middle western states held conferences with National Chairman Jacob, Senator Gerry of Rhode Island and other eastern campaign managers.

Present at the conference representing Illinois were Thomas F. Donovan,

## WOMAN DEMOCRAT SAYS PARTY QUIT PRINCIPLES FOR AL

Birmingham, Ala., Aug. 28.—(AP)—

"Al Smith, Bowery wet," and Herbert Hoover, bone dry," were the pictures painted before the Jefferson county Women's Christian Temperance union today by Mrs. Jesse W. Nicholson of Chevy Chase, Md., president of the National Women's Democratic Law Enforcement league.

Mrs. Nicholson said she spoke as one branded by party leaders as "bolters." "We did not bolt," she declared. "We were deserted and we mean to oppose the cause of our desertion, Tummany's candidate, Gov. Smith. We do not think he is a Democrat."

"We believe he is the incarnation of the forces of nullification and a betrayer of the eighteenth amendment, and as governor of New York has been the consistent servant of the liquor interests."

State chairman, Arthur W. Charles, Carmi; Bruce Campbell, East St. Louis; Congressman James T. Igoe, and Mr. Cermak, and Mrs. George E. Brennan. Mrs. Elizabeth Schroyer,

Mrs. Vorhees Johnson, and Mrs. G. M. Conkey.

Says County Is Smith's.

"The downstate Democrats reported that Al Smith would not lose the state outside of Cook county by more than 75,000, and I assured the national chairman that Cook county would give him 200,000 plurality," Mr. Cermak said. "It was agreed to establish headquarters for foreign language newspapers and for the colored folks in Chicago. When we sought to agree on a prominent man to act as chairman of the Al Smith club in this state I suggested former Mayor Harrison. Those at the conference agreed upon him. Capt. James C. Russell was selected to head the former service men's Al Smith organization."

No agreement was made as to the national committee.

Igoe Still a Candidate.

State Representative Michael L. Igoe still is a candidate for Democratic national committee for Illinois, he announced yesterday. He sent letters yesterday to all members of the Democratic state central committee, as follows:

"In view of the unauthorized published report that I had withdrawn as a candidate for the post of Democratic national committee for the state of Illinois, I wish to avail myself of this opportunity of informing you that I am a candidate and respectfully ask your support."

"In seeking the post of national committee I am merely comply-

ing with the suggestion and expressed wish of the late George E. Brennan."

Others Seek Place, Too.

Other contenders in Chicago are Edward J. Kelly, president of the south park board, and Anton J. Cermak, president of the county board. State Chairman Thomas F. Donovan has also been proposed as the successor of Brennan in the state.

Congressman Edward E. Hull, Republican, of Peoria, yesterday said the Democratic party largely is "bone dry," and that if Gov. Al Smith were elected President he couldn't get a majority of Democratic congressmen to follow his program. Congressman Hull was speaking before a group of foreign language newspaper editors at the Hamilton club. He is considered a wet advocate himself, and has so voted.

Mr. Hull then declared that of the 197 Democrats in congress only 47 are wet, and he said Gov. Smith would have no chance to continue the protective tariff because of the 128 southern Democratic congressmen.

To Broadcast Wisconsin.

Wisconsin's candidates for governor and senator have been offered the opportunity of addressing their constituents over the radio from W-G-N, the Chicago Tribune station on the Drake hotel.

John E. Ferris of Milwaukee, one of the four Republicans seeking the gubernatorial nomination, talks to night at 10:30. Gov. Fred R. Zimmerman, also of Milwaukee, seeking re-

nomination, will speak Saturday night, and Walter J. Kohler of Kohler will be heard Sunday night. Congressman Joseph D. Beck of Viroqua, the fourth contender, has not yet accepted the invitation.

Mayor A. G. Schmedeman of Madison, Democratic candidate for governor, will be at the microphone tomorrow night at 10:30 o'clock. M. K. Riley of Fond du Lac, Democratic senatorial nominee, who was to be heard tomorrow night, had a previous speaking engagement.

Senator Robert M. La Follette, seeking renomination, is trying to rearrange a crowded speaking calendar so he may broadcast on Friday night. No reply has been received to the invitation sent to George W. Mead of Wisconsin Rapids, the other Republican aspirant for senator.

## Damp Weather Has No Terrors

## Shop in the Month-End Clearance

—now in progress in all departments of all Hartman stores. Odds and ends left over from a month of successful selling, many left from the Advance Selling of Fall Fashions. All smart, up-to-date merchandise, but practically all in quantities of only one or two of a kind. Shop early, while selections are widest.

Mrs. Park Ridge. "I've just found the kind of Tea Cart I've wanted for a long time, one with a removable tray and drop leaves. And it cost only \$9.98—that's Hartman's Every-Day Low Price."

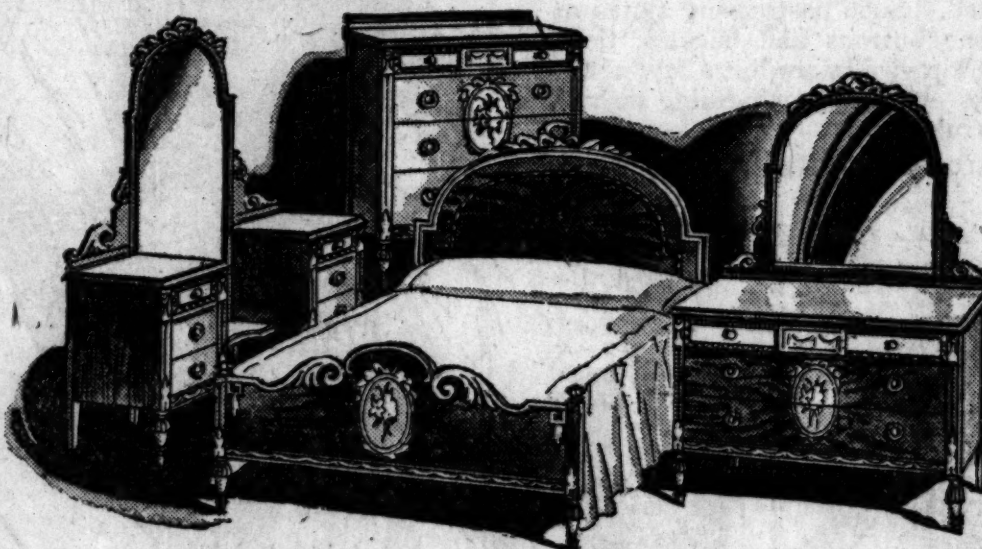

Only Four More Days  
to Get Your Ticket for  
THE FREE  
AIRPLANE

Only four days remain of the distribution of tickets for the "MONO-COUPÉ." Any woman may secure a ticket. Some lucky "Madam" or "Miss" in the Chicago Area will win this splendid airplane (or \$2,000 in cash, if she prefers). The "Monocoupe" is on display on the main floor of Hartman's Loop Store, but you may see pictures of it, and secure your tickets at any Hartman store! There is absolutely no obligation to make a purchase. Distribution of tickets ends at 9 o'clock Saturday night, September 1.

## TOMORROW— "AIR MAIL"

A film, showing the complete incidents and attendant adventures of U. S. Mail flights between Chicago and New York, will be given today at 3 p. m., in the Auditorium, 12th floor, Hartman's Loop Store (Wabash and Adams). Every one is welcome.

We cordially invite you to open a 30-day Charge Account—or a Hartman "Extended Payment Charge Account."

## HOOVER ASSAILED AT SESSION HERE OF NEGRO ELKS

Political Discussion Held  
at Convention.

(Picture on back page.)  
Opening sessions of the 19th annual convention of the Improved Order of Elks, a national Negro fraternity at the Wendell Phillips High school last night took on a political tinge as speakers and delegates mingled national politics with their talk on the milk of human kindness and fraternalism.

Politics was precipitated into the meeting by Armand Scott, an attorney from Washington, D. C., former exalted ruler of the order, who criticized the Republican party in his response to an address by Judge Francis Borrelli of the Municipal court, a Democrat who had spoken on the Negro as a citizen.

**Makes Early Nomination.**  
Immediately after Mr. Scott had spoken, Delegate George Lee of Memphis, Tenn., stepped to his feet and out of a clear sky placed J. Pinley Wilson, present exalted ruler, in nomination for reelection.

In making the nomination—although the scheduled elections were two days away—Delegate Lee pointed to the fact that Ruler Wilson had turned down the offer of a place on the speakers' committee of the Republican party until "he could find out where the party stood with regards to the 15,000,000 Negroes in the United States."

As Lee ceased speaking a cheer burst from the 1,200 delegates and they arose and reflected their exalted ruler by acclamation.

Judge Borrelli had lauded the Negroes as "good citizens, who lead upright lives, educate their children, and do unto others as they would be done by." He said Chicago Negroes were a power both politically and otherwise.

**Charges Discrimination.**  
"The Republican administration since Wilson have discriminated against the Negro," said Scott in his response, "I for one will never again support the policies of President Coolidge. I know that many, many Negroes believe that way with me, and we all know that Hoover will carry on the Coolidge policies if elected."  
The Negro Elks is an organization of 500,000 members. Earlier in the day the delegates and their friends held a great parade, in which thousands marched to the music of 100 bands through flag draped streets of the south side.

Officials of one of the lodges yesterday obtained an injunction to prevent police from interfering with parade wheels and other devices in conjunction with the carnival attendant at the convention.

**Teacher Dies Suddenly;**  
**She's from Springfield, O.**  
Miss Laura Valentine, 35 years old, Springfield, O., school teacher, died yesterday in the Colonial hotel at 6225 Kenwood avenue, where she was a summer guest. She had collapsed suddenly on Monday evening on the hotel steps. Dr. Irving Forgas, coroner's physician, after a post-mortem examination, said her death was due to heart disease.

## JUDGE THOMPSON URGES CHICAGO TRAFFIC RELIEF

### Backs Wider Roads, Elevated Crossings.

Kewanee, Ill., Aug. 28.—[Special.]—The relief of congested traffic conditions in Chicago and its metropolitan area by widening highways and building elevated grade crossings was advocated this afternoon by Judge Floyd E. Thompson of Rock Island, Democratic candidate for governor of Illinois, in a campaign address here tonight. In the afternoon he spoke at Aledo.

"One of the greatest administrative problems of today arises out of traffic conditions," the Democratic nominee said here. "The solution of this problem will be a boon to the commercial and social life of our state and particularly to Chicago. It has been estimated by those who have studied the problem that traffic congestion costs the people of Chicago and the state of Illinois more than \$100,000,000 annually. Some plan should be devised to stop this needless waste and to provide a highway system that will meet the demands of our increasing population and aid, instead of hinder, the commercial development of our great state."

**Scores Sectional Bias.**  
"Illinois must have a state administration with vision. It must not be sectional in thought or action. It should serve the interests of the state at large. It does not require a trained engineer nor a transportation expert to see that a highway barely wide enough to efficiently serve the public traveling between Golconda and Elmhurst will not efficiently serve the public interests between East St. Louis and Mount Carmel, Springfield and Peoria, or Rockford and Chicago. Main arteries leading into large cities should be widened, and a plan inaugurated for surfacing secondary roads. I am in full accord with the demand for wider highways in the Chicago metropolitan area and in the area around the other cities of the state. Some plan other than direct taxation can be devised for financing these extensions."

**Resumes Attack on Rival.**  
Judge Thompson continued his attack on Louis L. Emmerson, his Republican opponent, by repeating charges that Emmerson, while secretary of state, reaped thousands of dollars in interest on public funds which rightfully belonged to the state. He denounced the practice of issuing state road maps "merely to promote the candidacy of Emmerson."

## DEMOCRATS WILL NEED A CAMPAIGN FUND OF \$4,000,000

St. Louis, Mo., Aug. 28.—[AP.]—The Democratic party will spend \$500,000 in ten cent belt states and \$600,000 in radio campaigning, John J. Raskob, chairman of the Democratic national committee, said here today. Raskob and other party leaders were here for

conferences with state leaders from eight middle western states.  
The budget of the national Democratic committee, Raskob said, calls for \$4,000,000 to be raised and spent during the presidential campaign. This is an increase of \$1,000,000 over the budget announced in New York July 24, he said.  
"The Republicans have set their goal as from \$3,000,000 to \$4,000,000, but I have information that it is between \$5,000,000 and \$8,000,000," Raskob said.  
"I have never met a man, including myself, who understood the McNary-Haugen bill," Raskob said today. "Gov. Smith has arranged for a survey of the farm situation by a capable economist, and if elected, he will be able to recommend an agricultural program which will win the support of all sections."

**PIRATES FIRE ON BRITISH SHIP.**  
HONGKONG, Aug. 28.—[AP.]—Pirates armed with rifles fired on the British steamer *Heron* today, anchored off Whampoa. Troops killed one of the pirates and captured another.

## Al Smith Too Wet for Him, So Mississippi Elector Quits

Jackson, Miss., Aug. 28.—[AP.]—Because he held a view on prohibition different from that expressed by the Democratic presidential nominee, John R. Tally of Hattiesburg, opposed to modification of the prohibition laws, resigned today as a presidential elector.

## Our Semi Annual Sale Governor Winthrop!

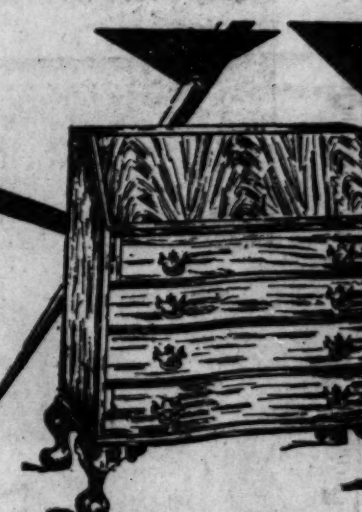

A Puritan of the Colonial days, twelve times Governor of the Massachusetts Colony, wrote his famous letters, Journal and state papers at his private desk, which since has become known as the Governor Winthrop desk.

We show an illustration of this desk and the secretary to match it in this advertisement—made as sturdily as in the old Colonial days with a beautiful crotch mahogany desk lid, supported by automatic slides. The interior of these pieces is fitted with two secret drawers, the same as in the original piece.

We offer these two interesting pieces at very low prices during our semi-annual sale.

Sale price, \$113.00

Sale price, \$79.00

## CURTIS FARM NON

Speaks at  
Fair on R

Syracuse, N. Y., Aug. 28.—[Special.]—Declaring the problem of farm tenancy in the United States is a national problem, Senator Curtis today spoke at the Syracuse fair, which is the work of the state fair association, a program of culture on its part by a non-profit organization created by the state. The senator was the Democratic relief. He said a tariff act, passed in 1919, much to the relief of farmers, had been voted against it by President Wilson.

**Cites Emmer.**  
"When President Wilson took office the tariff act, passed in 1919, much to the relief of farmers, had been voted against it by President Wilson."

He urged a program of agricultural production to enable America to do everything it can to market and large importation from Canada and Underwood tariff.

Senator Curtis, morning with two publican aspirants nomination and State Attorney General met Senator Curtis' arrival from and again went with him this morning for Rochester. The American Federal States Attorney General, New York, arrived route to his summer home. He was in Curtis during the

## CLING TO BOAT 15 HOURS; 3 SAVED, ONE IS DROWNED

Survivor Tells of Heroism by Girl and Victim.

(Continued from first page.)

boat—two miles, it seemed to me—but I looked back and saw what a pitiful speck it was out there on the water and the girls looked so helpless I thought I'd better go back. In case they needed me, I couldn't stand to leave them alone out there. So I swam back.

"And then a little while before we were rescued, Marjory started to swim for it. I was scared she wouldn't make it, but then I knew she was a good swimmer, too. And I guess it was her getting out like that that saved us, at that."

### Speck Leads to Rescue.

It was indeed the tiny speck they glimpsed in the water as she swam that led to the discovery of the other two on the catboat, half a mile farther out in the lake.

When the four did not return home late Monday evening their worried parents enlisted the aid of police, but had no idea they might have gone sailing until 10 o'clock yesterday morning, when the Buconeer club called to inquire of the Tarrant family why the boat rented to Harold had not been returned.

Two seaplanes from the Great Lakes Naval Training station, and the Evanston and Chicago coast guards at once began a search of the lake. They were without success until the bobbing head of the girl swimmer was noticed, about 1 o'clock. Then all three were speedily taken ashore, the Oleson girl in a complete collapse.

Girls Both in Hospital.

At the Evanston hospital, where the two girls were taken, it was said

## UNIONS TO STUDY PEACE PLAN IN RAIL WAGE FIGHT

Washington, D. C., Aug. 28.—(AP)—Differences between western railroads and employees organized in the Brotherhood of Railroad Trainmen and the Order of Railway Conductors are expected to be reconciled by an agreement announced here today by the United States board of mediation, which has been discussing the issue with both groups since July 22.

The proposed settlement, details of which cannot yet be made public, must be ratified by the Association of General Committees on behalf of the rail employees before it goes into effect.

A. P. Whitney, president of the Brotherhood of Railroad Trainmen, soon will present it to the association in the Midwest.

Wages and working rules were the major questions in the dispute, which affected 70,000 employees of eighty railroads covering 98 per cent of the mileage west of Chicago.

They were not in a critical condition, although greatly exhausted.

Tarrant, who had shed all his clothing except his underwear to enable him to swim, was found to be in fair condition, and as soon as he had been given dry clothing at the Buconeer club boathouse he told the details to police and other officials.

Rummier, 21 years old, was the son of E. A. Rummier, a patent attorney, whose home is at 1015 Starr road, Winnetka. Rummier had completed his first year at Cornell, and had persuaded his chum, Tarrant, to return with him in the fall.

Tarrant and the two girls were graduated from the New Trier high school in the same class, and had been friends for several years. The Tarrant home is at 944 Westmore road, Winnetka.

Warned of Boat Accident.

Both girls lived in Kenilworth, Marjory Oleson at 240 Woodstock avenue and Shirley Conlee at 627 West Kenilworth road. Shirley, whose father was at one time a sailor, had been warned by him that if ever such an accident occurred when she was sail-

ing a boat not to try to swim ashore, but to remain with the boat.

Helman, in charge of the coast guard boat that brought the survivors ashore, was assisted by W. T. Owens and C. D. Lindstrom. They expressed the opinion that it would be hopeless to drag the lake at the scene of the accident in the hope of locating the body of Fred Rummier, but that it would be washed ashore in a few days.

### Six Others Rescued.

Six other persons were rescued Monday night, it was learned yesterday, when their yacht became disabled nearly a mile off the mouth of the river and drifted helplessly until carried to the breakwater by wind. Here the boat was lashed to the pilings and the passengers scrambled out. A life guard on shore saw their plight and a cutter was sent out to tow the yacht in and bring the passengers ashore.

Those on the boat were Dr. Joseph W. Carpenter, with offices at 25 East Washington street; William Turley, 2119 South Austin boulevard; his two children, Gladys, 20, and Billy, 10; his sister, Mrs. Mae Westley, 1905 South Elmwood street, Berwyn, and her son, Edward, 10 years old.

Special train service has been

## COOK COUNTY'S FAIR TO OPEN AT PALATINE TODAY

A wide variety of attractions are on the program of the annual Cook county fair, opening today at Palatine, Ill., according to Secretary T. C. Hart. All the politicians of the state will be given an opportunity to meet voters on Democratic day, Sept. 3, and Republican day, Sept. 4, and Mrs. Mary C. Llewellyn, owner of Sunset farm, is in charge of the society horse show, which will be held each afternoon and evening. Horse racing is on the program of the last three days and auto races on the final day of the fair.

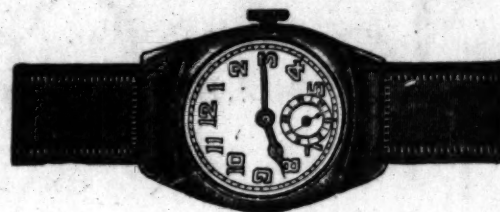

Special train service has been

planned to carry Chicagoans to the fair grounds, which are just beyond the Arlington Park race track on Northwest highway, route 19. Motor coaches will also be run between Milwaukee and Lawrence avenues and the fair grounds.

### Ambassador Herrick Sails Today for Leave in U. S.

PARIS, Aug. 28.—(AP)—Myron T. Herrick, United States ambassador to France, will sail for New York tomorrow on the Ile de France, accompanied by his son, Farnely Herrick, and the latter's wife and son. Ambassador Herrick, who is on his annual leave, will go directly to his home in Cleveland, O.

## Created for Those Who Seek the Ultimate in Fine Motor Cars

# New CADILLACS

## New LA SALLES

## New FLEETWOODS

WITH the new Cadillac and La Salle—powered with the famous 90-degree, V-type, 8-cylinder engines—the Cadillac Motor Car Company has once again shown motordom that

only in a Cadillac or La Salle can the ultimate in fine motor cars be obtained. For in these new models, introduced last week, are all of the desirable qualities that have made the name of Cadillac world

famous, plus a number of remarkable new engineering achievements that result in still finer performance, greater safety, more luxurious comfort and riding ease, and that add greatly to facility of operation.

- 1.. The new Cadillac-LaSalle Synchron-Mesh transmission enables one to shift gears easily, instantly, at any speed, without the slightest bit of clashing.
- 2.. The new Cadillac-designed Duplex Mechanical four-wheel brakes are powerful, but effortless—they respond to the lightest touch and stop the car with amazingly little pedal pressure.
- 3.. The steering gear is so designed that it takes the strain out of steering, and makes the car seem light as a toy.
- 4.. The front seat is quickly adjustable so that the brake and clutch pedals are within easy, comfortable reach of any driver.
- 5.. The famous Cadillac ninety-degree, V-type Eight-cylinder engine is refined, improved,

and made quieter, smoother and more powerful.

- 6.. The beautiful luxurious Fisher bodies have been designed and built in accordance with the principles of Pneumatic Control in engineering, thus assuring maximum quietness.
- 7.. All doors and windows, as well as windshields are equipped with Security-Plate glass for greater safety.
- 8.. All exterior nickel parts are Chromium Plated, the new treatment that preserves indefinitely the original sheen.
- 9.. And the smart, distinctive Cadillac-LaSalle body design that has created today's vogue in motor car styles is made still more appealing in these new models by a richer, newer beauty and style in outward appearance, and by more exquisite and harmonious upholstery, appointments and fittings.

In addition to 23 refreshingly beautiful Fisher bodies for the new Cadillac and the new La Salle, there are 14 exclusive and exquisite custom models, Fleetwood designed and Fleetwood built, that vie with the most expensive European cars. These new Cadillacs, La Salles and de luxe Fleetwoods are now on display at all Cadillac-La Salle showrooms.

A casual examination of these new Cadillacs and La Salles will convince you of their outstanding superiority. But to ride in them or drive them, to revel in their brilliant performance, remarkable handling ease, and wholly satisfying comfort and luxury, is to discover that only in a Cadillac or La Salle can you obtain the ultimate in fine motor cars.

### La Salle \$2295

La Salle is now priced at \$2295 to \$2875—Cadillac at \$3295 to \$7000—all prices f. o. b. Detroit. General Motors time payment plan permits you to pay out of income.

## One Hundred Thousand Chances to Sell Dogs—in the Tribune Want Ad Market . . . . .!

"I had several Great Dane Harlequin puppies that I decided to sell. I put an ad in the Tribune and received 25 replies, selling the puppies at once for good prices."

E. HOLMBERG  
1049 Belmont Ave.

E. HOLMBERG, of 1049 Belmont Avenue, thought he might have his work cut out when he found himself with a litter of Great Dane Harlequin puppies to sell. But he inserted a Tribune Want Ad, received 25 replies, and sold his puppies at once for good prices!

Every year in Chicago alone 100,000 children reach the age of six. In that small group there are 100,000 potential puppy owners. There are just as many become seven, eight, nine or ten years old. What a market for dogs!

To be sure, this market is generally among those better able to buy. But the Tribune reaches it because it reaches 90% of the above average homes. And it does the job in appealing to other income levels—for it reaches 50% more homes of all types than does the second Chicago newspaper. When you want to sell a dog—when you want to sell anything—phone—

## HOOVER CALLS AIDS TO LAY OUT CAMPAIGN PLANS

Speaking Itinerary to Be  
Discussed Today.

BY PHILIP KINSLEY.

[Chicago Tribune Press Service.]  
Washington, D. C., Aug. 28.—[Special.]—Summoned from Chicago to aid in working out the Republican nominee's next speaking itinerary and to furnish campaign data as a basis for future action, James W. Good, western manager, and Walter Newton, head of the speakers' bureau, will confer with Herbert Hoover in Washington tomorrow at the new personal headquarters of the Republican candidate.

Representative John Q. Tilson, of the eastern speakers' bureau, J. R. Watt, western treasurer, and Jeremiah Millbank, eastern treasurer, will also sit in at the conference, which will have the aspect of a board of generals called to G. H. Q. for war plans.

**No Speech on Labor Day.**  
Mr. Hoover is going to keep still for two weeks and will not be rushed into hasty action despite all the gossip of danger spots and possible Republican defeat that is going around Washington. He has definitely decided not to speak on Labor day. His first trip may be to New Jersey or Massachusetts.

The Hoover headquarters will be opened tomorrow morning at 2315 Massachusetts avenue, in a roomy mansion owned by Mrs. F. B. Moran, which was headquarters for the Chicago delegation to the arms conference.

While Mr. Hoover occupied himself today with study of detailed reports from New York and other doubtful waters states the Republican national headquarters was giving out optimistic reports from various state visitors. Michigan was handed over to the Republicans by J. Walter Drake of Detroit, former assistant secretary of commerce.

**Calls Him Logical Successor.**  
"Michigan has prospered under President Coolidge and will give Mr. Hoover a record vote as his logical successor," he said.

The women will turn the New Jersey vote for Hoover, according to Mrs. W. Reginald Baker, national committee woman from that state, who visited headquarters.

An intensive campaign by state, county and independent organizations will be started in New Jersey on Sept. 4.  
Representative Edith Nourse Rogers of Massachusetts told Chairman Work that the economic issue should be stressed in her state.

Chairman Work, Secretary Franklin W. Fort, and Earl S. Kinsley, national committeeman from Vermont, will assist to the chairman, will go to Augusta, Me., for a conference with 100 or more leaders on Sept. 10, the state election there on Sept. 10, always taken as an indication of native party strength and the Republicans want to poll a heavy vote.

### Boulder Placed on Site of Lincoln-Douglas Debate

Celebration of the 70th anniversary of one of the Lincoln-Douglas debates was held yesterday when the West Chicago Woman's club marked the historic spot in West Chicago with the placing of a granite boulder. The site is on the homestead of Mr. and Mrs. F. D. Anthony. It was recalled that Lincoln, who spent the previous day in Freeport, rode on a hayrack to Turner's Junction (now West Chicago) after he missed his train.

**FATHER OF 7 KILLED IN FOUNDRY.**  
Kankakee, Ill., Aug. 28.—(P)—Edward Bertragi, 42, father of seven small children, was killed today when caught in a tumbling machine in the West Kankakee foundry.

## CARSON PIRIE SCOTT & Co

### A New Sports Frock Astonishingly Smart Trimmed with Crochet

It is unusual—the chic and individuality of crochet gives to this frock. Making the collar and cuffs in heavy silk ombre thread, this crochet is an enriching touch to the silk crepe frock in simple one-piece style. In tan, wine, green and blue. Sizes for misses, and size 38.

**\$35**

Fourth Floor, South, State.

# at MANDEL'S

## Cheekline Brims and Modern Pokes

Paris and Mandel's sponsor  
these new ideas in Hats

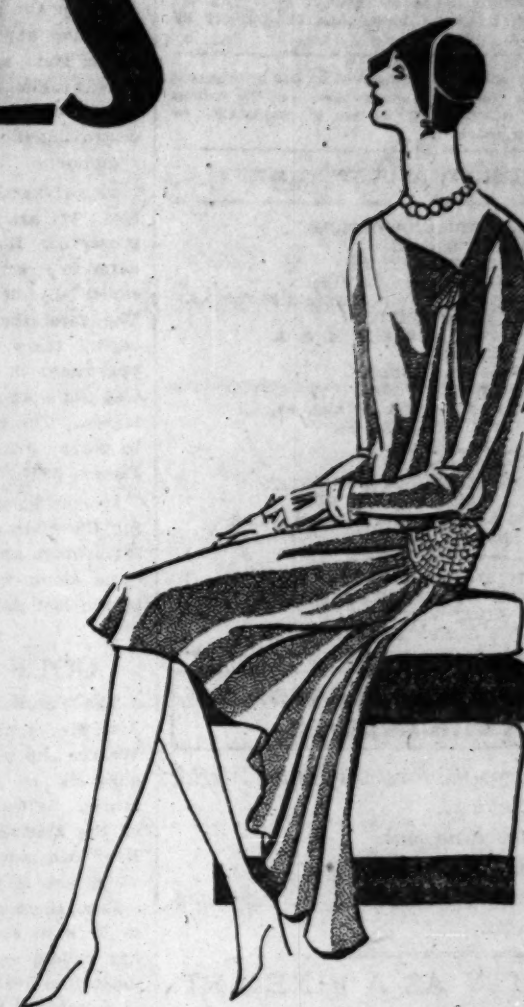

**\$10**

**CLOSE-FITTING** Hats flatter the lines of the head and face, in Fall versions just received. Brims or trimming follow the cheekline, making the face an oval. The modern poke youthfully frames the profile. Farther back on the head effects—modernistic angles—the longer right side—all designed with a simplicity of line and adornment.

Felts—ever-smart. Plain felts, soleil felts, fox felts. Velours. Velvets to accompany Velvet Frocks. All these at \$10—in black, vanilla browns, navy, with wine red, new blues, greens, purples, also endorsed. Velvet bands and motifs, satin and grosgrain ribbon, or self-trimming distinguish this group.

Small headsizes, medium headsizes, larger headsizes, in styles to suit your years and moods and to match or contrast your Fall costumes. Not just a few but many of them!

Mandel's—Millinery—Fifth floor.

## Transparent Velvet Frocks at \$39.50

**OVERTONES**—one shade merging into another—shimmer in these Transparent Velvet Frocks. Small-design prints, plain velvets, on authority of Paris! Inky black, vanilla browns, claret red, marine blue, green, in flowing silhouette—for the Miss and the Woman.

Moderately Priced Frock Shop—Fourth Floor—  
Wabash Avenue Building.

## Three Days More in Sale of Fur-Trimmed Coats

Soft Woolens Combined With Fur  
Low-Priced for August

**\$99.50**

### Badger-trimmed Coat Sketched for Women

**BADGER** collars of luxurious size reach high points of importance on Coats for women. The straight-line model at left in Majora cloth is green or black. It is typical of the smartness of Women's Coats. Attractively priced at \$99.50.

### Rever-like Collars on Misses' Coats

**SWINGING** wide on Misses' Coats are collars of kid caracul, such as sketched. Blue, red, green or grey Majora cloth Coats have grey fur trimmings. The tan Coat is trimmed in black. This youthful fashion is selected from many. Pictured at the right for \$99.50.

**AUGUST**, month of extraordinary Coat Sales, will be gone in three days. So shop now—for your Winter Coat. Fashions are advanced styles, in soft woolens with a wealth of fur trimming. Quality of fabric and tailoring are far finer than you usually find in coats as low priced as \$99.50. Large selection for the Woman, the Miss, the Larger Woman, and the Junior Miss—and in Sportswear. Coats purchased now will be held in storage for you.

Mandel Brothers—Fourth Floor.

## Coats in \*Hudson Seal, Richly Trimmed, \$355

Outstanding Among Hundreds of Coats  
Notable Values in August Sale

**GLOSSY** black seal-dyed muskrat Coats—highlighted with natural dark German fitch or dyed Kolinsky furs. These Coats are not only among the most popular in the August Sale—but their price is exceptional. Other \*Hudson Seal coats for misses and women, \$265 to \$595.

Fur Coats purchased in this Sale will be held in  
Mandel's Storage Vaults without extra charge  
till November 1—if you wish.

Mandel's Fur—Fifth Floor.

\* Seal Dyed Muskrat.

## CREDULITY AS A FINE ART.

The Grand Rapids (Mich.) Herald finds the Tribune's opposition to the expenditure of federal taxes for Boulder dam is "as inexplicable as it is indefensible." Whatever importance the utterances of the Grand Rapids (Mich.) Herald may have is derived from the fact that the publisher of that newspaper is Senator Vandenberg of Michigan, who was appointed to fill the vacancy caused by the death of Senator Ferris. Mr. Vandenberg is now a candidate for the Republican nomination for a full term in the senate. His curious views on the expenditure of federal taxes are therefore of more than local interest.

Mr. Vandenberg says that the dam will not cost \$200,000,000 as we said, but \$125,000,000 as the Boulder dam bill said. Mr. Vandenberg seems to think that as \$125,000,000 is all that the Boulder dam lobby is asking now, it is also all that will be needed to complete the work. No engineer has ever, in the world's history, built a dam as high as that proposed at Boulder cañon. No one can say with any certainty what such a dam will cost, and any engineer who ventures to speak with certainty on so doubtful a question deserves scant attention. The record of estimates of costs of reclamation projects in comparison to actual costs is a warning. A reasonable familiarity with government methods of accounting should serve as an additional warning. Some engineers have suggested \$125,000,000; others have said \$300,000,000. Perhaps even the larger figure is too small. It makes scant difference. Our point is that even the smaller figures is a monstrous charge to levy against the taxpayers of the United States for the benefit of speculators in real estate.

Mr. Vandenberg seems to think we originated the notion that government money is to be spent at Boulder dam to provide a municipal water works for Los Angeles. On the contrary, we mentioned Los Angeles' water works in reviewing the remarks of the leader of Mr. Vandenberg's party, Mr. Hoover. Mr. Hoover thinks that one of the principal purposes of the dam must be the provision of domestic water supplies to southern California cities, and he said so on the steps of the Los Angeles city hall. Mr. Vandenberg holds that Boulder dam is needed primarily to control floods in the Colorado river. He appears not to know that competent engineers have found that Boulder cañon is the wrong place to build a flood control dam and that, regardless of the site, complete flood control can be effected for a fraction of the cost of Boulder dam.

Mr. Vandenberg says that Boulder dam will not cost the taxpayers a penny. He says the secretary of the interior will not be allowed, under the terms of the bill before congress, to spend a cent "until he has in hand dependable contracts for power, generated at the dam, to pay the complete cost of construction, principal and interest." We recommend to Mr. Vandenberg a re-reading of the bill. Priority in the use of power is given to states and their political subdivisions. They may bid for the power and they may be awarded it provisionally, pending referendums. Under those circumstances the federal treasury has no assurance at all that the expected payments will be made when the power is ready to be delivered, and no means of enforcing payment if the municipalities default. It may be added that there is ample precedent, particularly in the far west, for repudiation of contracts with the interior department.

If sound contracts for the repayment with interest of the cost of the dam could be obtained in advance, why call on the federal treasury for help? The states concerned could obtain the money on their own credit without difficulty and if they did not care to undertake the task of building the dam, there are half a dozen banking houses in the United States which would be glad to finance the undertaking, as a private venture, assuming that the security is really as sound as Mr. Vandenberg seems to believe it.

We are forced to conclude that Mr. Vandenberg is among the most credulous of men. He takes the word for the deed and sometimes he doesn't even demand the word. Credulity is generally an unalloyed weakness, but in this instance it is something less. Mr. Vandenberg's credulity is prompting him to approve the expenditure of other people's money. His conduct would be explicable in a senator from one of the thinly populated states of the west which contribute next to nothing to the federal treasury. Mr. Vandenberg seeks to represent Michigan which alone pays as much internal revenue as all the states which will benefit from Boulder dam combined. He is in favor of a bill to tax the automobile and furniture factories of Michigan for the benefit of mendicant Californians.

## INDEPENDENCE HALL.

The curator of Independence Hall in Philadelphia is endeavoring to interest the citizenship generally in "plans for restoring the furnishings of the hall to their former beauty." In many sections of the country, particularly along the sea-

board, he will be regarded as an impertinent fellow who has not chosen an opportune moment to bring up his subject. There is a thought of wider and brighter things than are included in the curator's nationalism and his solicitude for his job house. Possibly there never would be an opportune moment for the raising of such a matter. It would be bound at almost any time to conflict with a higher ideal, such as debt cancellation, getting out of Nicaragua, getting into Armenia, giving up the navy, or humanizing immigration restriction by destroying it. This curator is a blue note in the symphony.

THE TRIBUNE, however, takes its stand with him. We are for Independence Hall. It should be preserved. Its furnishings should be restored. Its name is sweet to the ear even if its uses are decayed. But it should not be kept in Philadelphia. The forefathers wisely did not even keep the capital there, although there was not much improvement in shifting it to York, which, indeed, was not voluntary, or to New York or to Washington. The capital is another matter which will be taken up from time to time. Its place is Grand Haven, Mich.

Independence Hall should be removed to Chicago for the Chicago celebration, then restored as to furnishings and here preserved. The curator may come along with it. He also will be preserved as the last Atlantic American.

## GOLF LIKES THEM FAT.

The picture of swarthy corpulence presented by Maj. Heslet, the 225 pound member of the British Walker cup team, taking a thwack at a golf ball suggests an inscription suitable for golf club recitals. With apologies to Dr. Rudenstien, author of the apothegm, "Your waist line is your life line," we propose for the maxim of golf, "The waist line is your golf line."

True, there are young ladies with graceful figures to be seen swinging over the golf course, there are middle aged men who have preserved their masculine svelteness, elderly men whose paunches of middle life have faded, and men of all ages who are constructed so that they may never expand.

But, in general, it may be said that Maj. Heslet sets the golfing style in point of sumptuousness in lateral proportions. Among the favorites on the links we need mention only Bobby Jones, of whose precise poundage we are ignorant but whose appearance is decidedly stocky. We ask only that the skeptic visit his neighborhood course for an appraisal of the players in respect to their embonpoint. Without attempting to forecast the result with mathematical precision we predict a preponderance of hefty males. Our delicacy forbids inclusion of statistics anent lady golfers in the generalization.

Golf, it would seem, is the only sport—save perhaps billiards and angling—wherein corpulence is no handicap and is in fact a desirable quantity. Fat men do not excel in tennis. They are lumbery at baseball, inelegant on horseback, uncomfortable in the ring, and in short are subjects of caricature in most sports. Strolling, however, over the expanse of golf ground, clad in gay knickerbockers, which expose perforce a still youthful limb supporting a riper midriff, occasionally swinging a judicious club, attended by solicitous caddies, the stout seem to be enjoying a sport designed for their specifications.

## THE EXTRADITION OF MEXICAN PRISONERS.

Federal warrants have been issued in New York for the arrest of six men charged with complicity in the assassination of President-elect Obregon of Mexico. The evidence upon which the warrants were issued has not been disclosed. Until that evidence is presented in some detail, we are confident that our government will not permit any one arrested under the warrants to be extradited.

The charge has been made that those for whom warrants have been obtained had no part in the assassination plot, but are none the less objectionable to the present government of Mexico. They are being accused of the murder, it is said, only to enable the Mexican government to lay hands upon them. If returned to Mexico, it is charged, the prisoners will not be given a fair trial, but will be summarily executed.

Our government cannot allow itself to be used as an instrument to aid the rulers of Mexico in suppressing opposition to their administration. Valuable as good relations with Mexico are, they are not worth any such sacrifice of our traditions of political liberty. Before any of these men is sent back to Mexico our government must assure itself that there is substantial evidence connecting them with the murder of Obregon, and further, we must have assurances that the prisoners will receive a fair trial.

These assurances are demanded when one of the United States is asked to extradite a prisoner to another state, and when the assurances are not forthcoming extradition has been refused. Mexican judicial and political traditions do not warrant our government in relaxing any of the traditional safeguards.

## Editorial of the Day

### WIDER ROADS NEEDED.

[The State Journal, Lansing, Mich.]  
Paralysis of motor traffic in many sections of the United States within the next few years unless the nation's highway construction is revised and accelerated is a menace seen by highway and traffic authorities.

Surveys undertaken over large areas by the federal bureau of public roads and by private organizations indicate clearly that within the next half dozen years hundreds of millions of dollars must be added annually to the \$1,000,000,000 a year now being spent on highway construction and maintenance.

It is not that the country is not building roads rapidly enough, but that the roads being built are not wide enough to meet expected future needs and, in some instances, even present needs.

Of the 145,000 miles of roadway in the United States 63,618 miles are paved with concrete, brick, macadam, asphalt or some other hard surface, but of this paved mileage the major portion is already overgrown by the traffic. Where there is need for an 18 foot road there exists but a 14 foot highway, and where traffic conditions demand a roadway wide enough for four streams of traffic there is room for only three or two.

America's "good roads" program is relatively young; so young in fact that up to this time the public cry has been for mileage and more mileage without a thought for durability or width. The fact that the public is now awakening to the inadequate width of the average improved highway is evidence that the first craving for mileage is well on the way toward satiety.

### THE PASSING SHOW.

Customer—You're cutting me to bits. I can't stand this any longer. Where is the head barber?  
Barber—He has gone out to get a shave.—Buen Hor, Madrid.

## How to Keep Well

To the limit of space questions pertaining to hygiene and prevention of disease will be answered in this column. Personal replies will be made to inquiries, under proper limitations, when return addressed envelope is enclosed. Dr. Evans will not make diagnosis or prescribe for individual diseases.

## MAN AND BEAST SHARE FEW DISEASES.

MAN does not swap diseases with the lower animals. That is the rule, but there is a considerable number of exceptions. So far as our information goes, man is kinder to the lower animals than they are to him. They pass on a few diseases to man, but man passes very few to them.

The list of diseases which Dr. Theobald Smith gives as being shared by man and the domestic animals are the following: Glanders, plague, Malta fever (probably what we call undulant fever), tularemia, rat bite fever, a form of jaundice called Weil's disease, anthrax, rabies, paratyphoid fever, and some similar fevers and food poisonings. Rocky mountain spotted fever, septic sore throat, and the tapeworms, tuberculosis. This sounds like a pretty formidable list of exceptions—almost enough to change the rule.

And yet, since Dr. Smith has spent the greater part of his professional life working in some phase of this very subject, his list must be accepted. To this list he adds another disease, of which he had never heard. He does not give this last a name (unless it be called Whitmore's disease), but he says it is widespread in India and that part of the world. His phraseology is: "It may be destined to play an important part in the world's history." This description scarcely fits any epidemics of the last half century. It is spread by rats and it is due to a bacillus that has some of the qualities of the typhoid bacillus, the glanders bacillus and the cholera bacillus. It may be the great truck bacillus, of which the typhoid bacillus is a branch.

I do not know just why Dr. Smith considers this new disease so threatening to the world, but if he is right, and he may be, it is not, then, we had better be thinking out plans to control rats.

Of the group in present conditions the tubercle bacillus is very much the most important. It is a bacillus that has some of the qualities of the typhoid bacillus, the glanders bacillus and the cholera bacillus. It may be the great truck bacillus, of which the typhoid bacillus is a branch.

## HARDENING OF THE LIVER.

L. V. S. writes:  
1. What is cirrhosis of the liver?  
2. What are the symptoms?  
3. Is there any difference between it and other diseases?  
4. If I have it, what I mean is, do they have the same symptoms, such as spitting of blood?

## INFECTION WITH A COCCUS.

J. B. M. writes:  
1. What causes rheumatic fever?  
2. Can it be cured?  
3. Is it a common disease?  
4. Does it interfere with a person's heart?

## CURE IN MANY CASES.

V. C. writes: I have a 10 year old boy who has had epilepsy since he was 17 months old. Do you think there is any cure?

## REPLY.

In a large part of the cases there is. Have your physician give him high fat-low starch diet. Do not let him become constipated. He should not live an inactive life or eat heavily.

## FRIEND OF THE PEOPLE

Letters to this department must be signed with names and addresses of writers.

## STREETS ARE SPRAWLED.

Chicago, Aug. 21.—(Friend of the People.)—We live on Pine avenue between West End, and Fulton street. Across the street from us three steam shovels are excavating for the new Austin High school. The trucks carrying away the dirt have filled the streets around with layers of dust which blows terribly with every wind. Can we not have the streets sprinkled or cleaned?

## REPORTS MADE THAT THE STREETS IN THE VICINITY OF THE NEW AUSTIN HIGH SCHOOL ARE CLEANED REGULARLY AND FLOODED BY AUTO FLASHER SIX NIGHTS PER WEEK.

## OBJECTS TO POLICE RECORDS.

Chicago, Aug. 27.—(Legal Friend of the People.)—A person arrested on suspicion later found to be charged with disorderly conduct and finger prints were taken. The judge discharged him next day.

Have they the right to keep name and finger prints on record? If not, how can I have them removed? J. W.

Yes. The fact that such a case was docketed will remain a matter of public record, but the record will also show the balancing fact that the case was dismissed. If you find a finger print on file you can have it surrendered to you for destruction, but it is difficult to be sure no photographic copies are retained.

## NOTICE OF DISMISSAL.

Chicago, Aug. 26.—(Legal Friend of the People.)—Is there a law in Illinois that when an employer dismisses a woman an employee from his place of business he is compelled to give her two weeks' wages in advance or else two weeks' notice?

E. S.

"Where the Mins is by the day, or from week to week, or from month to month, at the end of any particular day or week or month" (39 C. J. 71) without previous notice, but if the employer is discharged without legal ground during one of the recurrent periods of the employment he is entitled to pay to hold that the wage payment interval is not conclusive in determining whether the employment is by the day, week, month, or year.

## TRIBUTE LAW DEPARTMENT.

OUR GREAT MISSING WORD CONTEST. If you can supply the missing word in this beautiful poem you will receive a handsome silver lined cherry pipe. And the sender, never failing, still is sitting, with his shadow on the floor. And Kellogg peace-pact, from that shadow, that lies floating on the floor, will be lifted (—)

Silence! Only College Graduates are Eligible.

R. H. L.: You might reply to your contributor Phil Kearney, Scout and Spy, that there are rumors to the effect that one other candidate for the presidency, one Abe Lincoln, never went to college, either.

OUR LOUD SPEAKER has got so used to political speeches that every time we turn it now it shrieks. The PEEP-PUL will DE-CIDE! before it can get started on jazz.

## A LINE O' TYPE OR TWO

How to the Line, let the quips fall where they may.

## HUSH YOUR LIPS FROM LAUGHTER.

Hush your lips from laughter,  
For had we never known  
Drift-fires full of shadows  
And trees the wind has blown  
We might meet another time,  
Almost anywhere,  
Nor, smiling at far stranger things,  
I am certain, care  
Softly when this autumn brings  
(Hidden in your eyes)  
Half-remembered kisses  
And half-forgotten lies. . . .

DONFARRAN.

THE ANCIENT AND HONORABLE Society of Political Splinters are going to consider the case of old Al Smith. Al goes anorin' around the country showing himself to whooping crowds at 2 o'clock in the morning. Gosh! The next thing anybody knows the Political Splinters are going to take up Al's union card.

## All Right, Gents, We'll Be It?

Dick: Well, Al gave us some hope, but we want more than hope.

## Dusty Answers.

Dick: Yesterday I approached a canny Scot and said: "Will you give me the time, please?" He said, "Here, take the whole damned watch." Follies. I walked up to Lewis and inquired: "What was Rex Beach?" "An author," he replied, without hesitation. "Coolest! When I got home, I cornered Oscar, the family cockroach, and queried: "Who was that lady I saw you with last night?" Expectantly I waited, but Oscar only sneered contemptuously, twirled his tail three times around his head, and stalked off in high dudgeon. Respectfully I sought an absent-minded professor. He combed his hair and poured drup on his pan-cakes. Ah, me! So tomorrow I shall return to the dear old town, way down there in Illinois, and I shall say to the lovely Virginia: "Haven't had a date since I left town." You'll hear from me again.

THE CHICAGO BRASS.

## ALL QUIET ALONG THE POTOMAC.

All quiet along the Potomac, they say.

Mr. Hoover sits on his back porch.

But up in New Jersey the midnight is red—

With the flaring of many a torch.

Old Al Smith is out on the war trail again,

There's yelling and whoopee and riot;

But from the back porch comes nary a sound—

Along the Potomac—all quiet.

## Maybe He Lost Uncle Sam's, Too.

R. H. L.: Suggest that Sec. Kellogg be very carefully frisked by the custom house rummagers when he comes back from Paris to find out whether or not he lost his shirt.

## Dum-Dum.

Dick: I see by the papers that W. C. Durant offers a prize of twenty-five thousands bucks for the best essay of not more than two thousand words telling how to make the 18th amendment effective. What's your plan, less than 2,000 words, remember? Make it shorter than that, make it short as you can. Go ahead, give us your essay. Come, come!

JO JO.

AND, ON THE OTHER HAND, here is the essay which we are going to hand to Mr. Durant and which will get us the 25,000 berries. The best way to enforce the 18th amendment is to make him (or her, often nowadays it's a her) count to 5,000,000 every time they are about to take a drink of likker. And before they get through counting somebody will have grabbed the drink and drunk it.

## Are They the Same at Home?

RHL: It all started with a single cell and then the surface coated and vegetation appeared and Adam and Eve came out of the chaos, and by skipping a few hundred thousand years we come to the radio announcer, who sat all day long before the listening microphone, that symbol of the great American ear. All day long he read the continuity of his throat, and sat down to rehearse his words. The children's hour, and the announcer became an "Uncle," reading animal stories to his invisible radio nephews and nieces. Hours . . . words . . . words! Finally another announcer came in, cleared his throat, and sat down to rehearse his words. He dashed and there was a squeal of delight from the five progeny.

"Papa, papa," shrieked the merry little dears, "tell us a bed time story."

Through the window, he bounced the whole five tell us a bed time story.

OSWALD THE GREAT.

## Let We Know Who Hurt That House's Feelings!

'Twas William Allen White.

(From the ad column.)

FOR SALE—MODERN NEW 5 ROOM BRICK bungalow, sun parlor, sleeping porch, etc. Lot 35x125. Only 1 block to elevated. Quick buy. Address T 2465, Tribune.

"JUST WHERE yesterday," said Mae Tinsle, somewhat sneeringly, "was that 'touch of autumn' referred to so benignly by R. H. L." Listen, dearie, we said "touch." A touch is a light, soft, gentle thing. We said, "There is a touch of autumn in our air." We didn't say that autumn climbed up in our lap, put her arms around us, and started a necking party. Ah, no such luck! Autumn, the little rascal, merely gave us a sassy slap on the wrist the other day and then beat it. But she'll be back.

## WILDERNESS.

We are so cold and lonely we must build

A God to look upon and even touch

With human hands. It is not very much

Our hearts with childish envy—trite dreams, chilled

Into divine form—silver, gold and ruck

Like tinkles, poured to make a glittering clutch

To prop an idol while our doubts are stilled.

A touch of bravery—beauty to admire—

A smile we love—all melted in the fire,

Then placed on high—a brazen calf, whose feet

Of clay are grounded in our own desire

To be allowed—to make our lives complete—

To kneel in dust and fervent prayers repeat.

JUDY SHKA.

OUR GREAT MISSING WORD CONTEST. If you can supply the missing word in this beautiful poem you will receive a handsome silver lined cherry pipe. Silence! Only College Graduates are Eligible.

R. H. L.: You might reply to your contributor Phil Kearney, Scout and Spy, that there are rumors to the effect that one other candidate for the presidency, one Abe Lincoln, never went to college, either.

OUR LOUD SPEAKER has got so used to political speeches that every time we turn it now it shrieks. The PEEP-PUL will DE-CIDE! before it can get started on jazz.

THE CHICAGO BRASS.

## WORKING ON THE CANDIDATE

## FROM THE TRIBUNE'S COLUMNS

### 65 YEARS AGO TODAY.

AUGUST 29, 1863.

WASHINGTON.—News was received from Fort Sumter that the United States forces have occupied Fort Sumter and Wagner. The Richmond Examiner says in relation to the attack on Charleston: "What does startle is the distance from which the shells were thrown. The battery is in a marsh five miles from the city."

WASHINGTON.—Erlig. Gen. Q. A. Gillmore, commanding at Charleston, reported to Maj. Gen. Halleck, under date of Aug. 24, as follows: "I have the honor to report the practical demolition of Fort Sumter as the result of seven days of which a powerful northeast storm most seriously diminished the accuracy and effect of our fire. Fort Sumter is today a harmless mass of ruins. Gen. Beauregard himself designated the projectiles from our batteries as the most destructive missiles ever used in war."

### 30 YEARS AGO TODAY.

AUGUST 29, 1898.

ST. PETERSBURG.—By order of Emperor Nicholas, Count Muraviev, the foreign minister, handed foreign diplomats at St. Petersburg a note declaring that the maintenance of peace and reduction of excessive armaments now crushing all the nations is the ideal for which all governments ought to strive. He proposes an international conference to consider reducing large military forces.

WASHINGTON.—Secretary of War Alger, in an interview, defied his critics and declared he will not investigate the charges of mismanagement of the war made against the war department. "I propose to stand on my record," he said. "If the President or congress desires to have these charges investigated I would be delighted to have the administration of the war department made the subject of the most searching inquiry. I will not retire under fire."

CHICAGO.—Mrs. Jessie Parr of Urbana, while riding her bicycle on Madison street, near 6th avenue, was struck by the horses attached to the carriage of William Peril, driven by the Peril coachman, and seriously injured.

### 10 YEARS AGO TODAY

AUGUST 29, 1918.

PARIS.—In a swift advance, covering more than six miles at certain points, the French troops south of the Somme recaptured forty villages. The left bank of the Somme has been reached between Claircourt and Nele, as well as the west bank of the Canal du Nord, between Nele and Noyon. From east of Nele the fighting front follows the course of the Canal du Nord to Cantigny, then southward to Noyon. Cantigny is surrounded on three sides, but houses transformed into block houses and bristling with machine guns are holding up the French for the moment. The Germans are holding fast to the heights east of Cantigny. The French occupied both the towns of Nele and Cressey.

OTHER BATTLE NEWS.—From northeast of Arras, where the old Hindenburg line defenses have been overrun and the north flank nearly turned, southward to a point below the Somme river, Field Marshal Haig's forces made marked progress. Australians, striking just below the Somme, advanced more than five miles on a twelve mile front, and are within two or three miles of the Somme. They are also within three miles of Peronne, the strong enemy base. Further north the town of Cambrai, a German stronghold, has been taken.

WITH THE AMERICAN ARMY IN FRANCE.—The Americans began an attack against the Germans northwest of Soissons shortly after 7 o'clock this morning, and within an hour the first objectives, aggregating something more than a kilometer, had been obtained north and east of Chavigny. The Germans counter attacked but the American line held.

CHICAGO.—Noble B. Judah, who was captain of Battery C, 149th field artillery—Col. Henry J. Reilly's "Bucks"—later being promoted to a major, has been made lieutenant colonel on the general staff.

## VOICE OF THE PEOPLE

Writers should confine themselves to 200 or 300

## COOLIDGE WILL TRY TO REDUCE BUDGET DEFICIT

Cabinet Will Be Called In to Take Action.

Superior, Wis., Aug. 28.—(AP)—Faced with an estimated treasury deficit of \$94,000,000 at the end of the current fiscal year, President Coolidge will take stringent measures to reduce government expenditures during the remainder of his administration, it became known today.

Upon his return to Washington about the middle of next month, the chief executive intends to consult with his cabinet officers and heads of independent government bureaus to determine how expenditures may be curtailed even below what was allotted them in the budget.

See Swing to Hoover.

Turning from consideration of the deficit, President Coolidge was cheered by reports from Senator Arthur Capper of Kansas and former Senator Irvine L. Lenroot of Wisconsin who said Herbert Hoover is increasing in popularity with the electorate, while Gov. Alfred Smith is vainly trying to win his electoral prestige. Secretary West of the interior department, who was an overnight guest at the summer White House, concurred in these views.

Senator Capper said Gov. Smith's stand on prohibition will assure his defeat in the farming states.

Two Doubtful States.

Senator Capper believes Missouri and Wisconsin still are doubtful states, but sees the middle west, north-west and southwest voting solidly for the Hoover-Curtis ticket in November.

Mr. Lenroot consulted with Mr. Coolidge and afterward said he believed Smith is losing ground. Secretary West said he believes the Democratic nominee is on the crest of the "wave" and that from now on he will recede in popularity.

ENDS LIFE WITH PISTOL.

J. P. McDermott, 30 years old, 440 North Third avenue, shot and killed himself yesterday at an oil station in which he was employed near his home. He was believed to have been in ill health.

PRECISE "LICENSES."

Aug. 24.—Hurrah! You have your pet peeve. Page 1. One is what I mean. I figure out for a long time could be as bad as it is. A man connected with the city of Chicago is the authority to carry a star, possibly a gun for the protection of other 50 per cent.

you ever met one of them? I could not help but their conversation. One told that he had just bought his The other man asked him why in so foolish as to pay the full price he could have gotten the rough a copper friend of his have you noticed the hundreds of "city tags" on cars around it is possible that this sample have lost their original and them stolen, or is there section between the copper these duplicates?

It is interesting to find out? R. S. HARPER.

PARTMENT ON THE JOB.

Aug. 18.—Today a barn at Apple caught fire. At 5:10 p. the fire department, and at they arrived at the fire nearly 1½ miles from a fire station I call it service with S. CRENTS JR.

COMPETITION.

Aug. 17.—Were the railroads their fares a cent a mile, they all the bus lines out of business in short haul profitable business ever did. They prove it by their cheap Saturday excursions. A. J. C.

ON?

put me wise to the name

## SALTIS' FRIENDS SAY HE'LL BE AT LARGE LONG TIME

One hundred and one days ago yesterday Joe Saltis, south side beer baron, became a fugitive from justice. At that time the United States Supreme court declined to review his gun-toting case in which Saltis was sentenced to serve sixty days in the Bridewell and pay a \$50 fine. But though Chicago police were issued a capias permitting the arrest of Saltis even in another state the beer peddler so far has succeeded in eluding capture. Saltis' boast during the twenty years or more of his gangster activity in Chicago has been that he has never served a minute behind bars under conviction for crime. His friends declare that for the next one hundred and one days Joe still will enjoy his freedom, that "nobody in Chicago is strong enough to look Joe up."

But Deputy Police Commissioner John Stege declares Joe's boasted "pull" among politicians will avail him nothing if Stege can get trail of Joe.

## MORONES, LABOR LEADER, DEFIES OBREGON CAMP

Denies He Fleed; Says He Backs Calles' Rule.

BY JOHN CORNYN.  
[Chicago Tribune Press Service.]  
Copyright, 1928, by The Chicago Tribune.  
MEXICO CITY, Aug. 28.—After being in seclusion since the assassination of President-elect Alvaro Obregon on July 17, Luis Morones, former minister of industry, commerce and labor, made a public appearance for the first time last night. He spoke before the Institute of Social Science at a meeting organized for the reception of a Japanese labor leader.  
Señor Morones declared he appeared to show that he had not left Mexico, as the press and the Mexican public believed. He made no other allusion to the charges that the labor crowd was implicated in the assassination plot. Señor Morones is still said to be the directing head of the Mexican Federation of Labor, and is managing the present strike against the Ericson Telephone company, tying up the company's lines.  
**Obregon Leaders Dedied.**  
During the six weeks since the assassination of Gen. Obregon all investigations have tended to break down the charges of the Obregon party leaders that Señor Morones was connected directly or indirectly with the assassination plot.  
Señor Morones' declaration last night that he had no intention of leaving Mexico and would continue to lead the labor party and back the Calles government were timed cleverly to cause new embarrassment for the Obregonists. His declaration is taken here as a defiance to those who maintain that Jose de Leon Toral, slayer

## FINAL ACTION ON BANK MERGER IS POSTPONED; STOCK PRICES HIGHER

Final action on Chicago's billion dollar bank merger has been delayed a few days, it was learned yesterday. It had been expected the proposal would be submitted to the directors of the Continental National Bank and Trust company at a special meeting today. But some details remain to be settled, and it now seems likely there will be no action before the regular monthly meetings, which fall on Friday for the directors of the Illinois Merchants Trust company and on Tuesday for the Continental National directors.  
Illinois Merchants shares sold yesterday as high as 1,300 and closed at 1,285 bid, 1,290 asked. Continental National shares sold up to 710 and closed at 698 bid, 702 asked. Stock of the Union Trust company again broke into the limelight, reaching a new peak at 900 bid, with none offered for sale.  
It was reported that the capital stock of the new I. C. Bank and Trust company, which will be located at Lake Park avenue and East 53d street, has been largely oversubscribed and that subscriptions, thereby will be scaled down.

of Gen. Obregon, and other plotters against the lives of Gen. Obregon, President Calles, and Patriarch Perez were inspired by labor leaders.

**Strike Cripples City.**  
The telephone strike has badly disorganized financial business in the city and republic because the recent heavy rains put out of commission a full third of the lines of the Mexican Telephone company, whose employees are not in the strike. Certain of the more radical labor leaders threaten to force the government to take over the Ericson Telephone company and run it in case the company refuses to abide by the decision of the labor arbitration board, to which labor differences will be submitted if the company and employees fail to agree within the next few days.

**YOUNG MAN TAKES POISON.**  
George Oaker, 20 years old, of 1027 West 33d street, is in the County hospital in a serious condition from poison which he drank while dependent on Monday evening.

## ANGOLA MURDER SUSPECTS TAKEN IN IDAHO TOWN

Twin Falls, Idaho, Aug. 28.—[Special.]—Floyd White and James A. Miller were arrested here today as suspects in the murder of Thomas Burke of Toledo, O., whose charred body was found in a barn in Angola, Ind., on Aug. 24. The two were seized when police found them driving a stolen automobile bearing a license plate stolen from a car in Angola on the night of the murder.

Arrest of the two men may clear up some of the mystery that has surrounded the slaying and the finding, at about the same time the body was

discovered, of a blood stained automobile in the Angola town jail garage. Burke, alias E. S. Elias and T. T. Williams, was identified through license plates found in the blood smeared car. He was said to have been released from prison in Ralston, Fla., last December.

**Escaped Murderer Caught in Denver.**  
Vincennes, Ind., Aug. 28.—(AP)—Dreyfus Rhodes, held in Denver for bank robbery, shot and killed Simon A. Carle, Vincennes policeman, April 1, 1926, in resisting arrest. Rhodes escaped from the Knox county jail Oct. 3, 1927.

**Father and Son Shot as They Sleep; Parent Dies**

Marion, Ill., Aug. 28.—(AP)—John Parker of Creal Springs died in the Herrin hospital today, from gunshot wounds received while asleep in his home. Assassins fired into an open window. Howard Parker, his son, is in a critical condition from similar wounds.

# A Vast Market awaits these products

Men's and Women's Clothing  
Aircraft and Accessories  
Farm Implements  
Dairy Machinery  
Steam Fitting and Heating Apparatus  
Porcelain Ware  
Hosiery  
Furniture  
Perfumery and Cosmetics  
Millinery  
Wallboard  
Insulated Wire and Cable  
Moulding of Bakelite  
Radio Equipment

HUNDREDS of millions of dollars are spent annually in the Kansas City market for these products... every one of them sold in sufficient volume to justify sizable organizations and plants right in the territory... yet most of them shipped in from far distant cities.

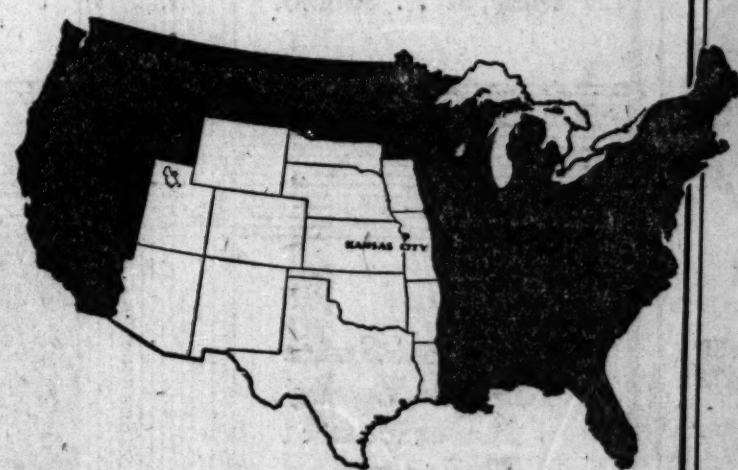

Farm owners within a night's ride of Kansas City spend 42 million dollars a year for implements. Buyers in that same area, the natural Kansas City territory, pay 17 million for steam fittings and heating apparatus; 16 million for insulated wire and cable; 86 million for furniture; 550 million for men's and women's clothing; 10 million for perfumery and cosmetics... and so on... sending far away from home for the very things that might economically be manufactured within the territory.

The raw materials necessary for all of these commodities are here, or economically available. Labor of high efficiency is plentiful, and with an enviable record for scarcely any labor trouble in a quarter of a century. Transportation by rail, by truck and by the soon-to-be-

completed Missouri River channel is unsurpassed. Power is reasonable. Coal, fuel oil and industrial gas are plentiful at low cost. Living conditions are ideal.

It is a compact market of more than 20 million people... a group of people which annually creates more than 3 billion dollars in new wealth from the soil!

Facts tell the story. By all means, send for "The Booklet of Kansas City Facts," a resume of the many advantages of this vast market. If more intimately interested, ask for a detailed, confidential survey concerning your own market here.

Not just a city but an empire

Kansas City advertising does not confine itself to corporate limits. Within the territory are raw materials and manufacturing advantages of a highly diversified nature... many within the city itself, many in the smaller cities of this rich area. Kansas City undertakes to tell the story of the entire territory to interested manufacturers, realizing that the city prospers only as its outlying territory prospers.

# Quick new energy

Post TOASTIES THE Wake-Up FOOD

in the morning!

Breakfast time—and new energy needed after the longest fast of the day!

Post Toasties time, too, for Post Toasties is the wake-up food! Rich in energy—and quick to release that energy to the body because it's so easy to digest.

Enjoy a heaping bowlful with refreshing milk or cream. Everybody loves the crunchy goodness of the crisp, golden flakes.

Post Toasties is an ideal breakfast food for children. It supplies them with wholesome energy needed for school and play.

And so convenient! Serve Post Toasties right out of the package. Have Post Toasties every day—and get daily benefit from that rich store of energy. Try Post Toasties for lunch with fresh fruits or berries—see how satisfying and good it is!

Ask your grocer for Post Toasties—and be sure to get the genuine in the red and yellow package. It's the wake-up food! Postum Company, Inc., Battle Creek, Michigan.

REBEL IN NICARAGUA ASKS

Sandino Asks to U. S.

[Chicago Tribune Press Service.]  
MANAGUA, N. H. (AP)—Guadalupe River colonel under Gen. Sandino, surrenders to U. S. forces. He asked for recent presidential pardon granted to him. Rivera was one of the most prominent of the rebels. He commanded a force of 1,000 men. He was captured by the U. S. forces. He was taken to the U. S. military prison at Fort Leavenworth, Kan. He was held there for several months. He was then released. He was allowed to return to Nicaragua. He was allowed to keep his arms. He was allowed to keep his men. He was allowed to keep his territory. He was allowed to keep his power. ## REBEL LEADER IN NICARAGUA ASKS AMNESTY

Sandinio Aid Surrenders  
to U. S. Marines.

(Chicago Tribune Press Service.)

MANAGUA, Nicaragua, Aug. 28.—Guadalupe Rivera, supply chief and rebel leader, surrendered to the United States marines at Jinotega on Saturday. He asked for amnesty under the recent presidential decree. Freedom was granted to him yesterday. Rivera was owner of a Santa Cruz ranch eighteen miles south of Quilich. He commanded a group in the fight with the marines last December. Rivera was driven from his home by the increased activities of the marines. This and the recent Sandinista attacks and the capture of Rivera's ranch by the marines probably forced him to surrender. A patrol under Capt. George F. Stokes of San Diego, Cal., yesterday arrested forty bandits under Miguel Angel Griez near Macuelillo, west of Jinotega, without marine casualties. Griez is a young Nicaraguan, who was the alias Ferrara, which is the name of a Honduran warrior and was assumed for prestige. He led a force in the Bramadero action in February and had a disastrous contact with the marines late in March, losing three killed and eighteen wounded.

## GAS, ELECTRICITY EMPLOYEES TO GO ON HALF TIME

In accordance with Mayor Thompson's order to cut the cost of city government, half of the employees in the department of gas and electricity will be laid off the first week in September. Commissioner Michael J. Kennedy notified bureau heads yesterday. These employees will be reinstated the second week in September and the other 50 per cent sent home, the process being repeated until the end of the year, it was announced.

Fear that slashing of the pay roll in the fire alarm office would affect the proper reporting of alarms was expressed by some officials. It was said at the office, however, that the 50 per cent layoff will affect only repairmen. Laying off of only half the employees each week will allow all the employees a wage one-half of their present salary upon which they will be expected to live until the mayor's economy program is complete, advocates of the plan pointed out. The department has been ordered to save \$800,000, it was said.

**FINDS FATHER DEAD OF GAS.**  
Walter Weiss returned to his home at 100 Vincennes avenue, Chicago Heights, at night to find his father, James, 64 years old, dead on the floor and gas flowing from a stove. He said he believed his father had been seized with illness and accidentally opened the jet as he fell.

## DIPS ARE TAKEN OUT OF WIDENED MICHIGAN AVENUE

(Picture on back page.)

The work of correcting the intersection approaches on Michigan avenue between Chestnut and Pearson streets was completed yesterday. The blockade which has existed along the thoroughfare for the greater part of the summer while the work of eliminating the bottleneck was going on, is expected to be finally removed today. A mistake in the specifications, said to have been made by an engineer for the Lincoln park board in the first plans for the widening, made deep dips in the approaches to the intersections. To correct this, the depressions were filled in.

## Angola Sheriff Seizes Ram; Decides to Keep His Job

John P. Hiller of Chicago was arrested in Angola, Ind., late last night on his way here from Detroit with a truck load of beer and whisky. The cargo comprised 400 cases, weighing ten tons. Hiller gave his address as 324 Ashland avenue. The arrest was made by Charles Zimmerman, Steuben county sheriff, who yesterday withdrew the resignation he offered last week following charges against the sheriff and a woman deputy.

## FORECASTER COX RETURNS FROM EUROPEAN TOUR

(Picture on back page.)

Prof. Henry J. Cox, chief meteorologist of the Chicago forecast district, returned last night from a two months' trip in Europe.

During the trip, which was occasioned by the meeting of the International Geographic congress in London and Cambridge, Prof. Cox took time to inspect the forecasting facilities of a number of airdromes in European countries for the purpose of making a comparison with those here. One outstanding thing which the forecaster said he observed was the absence of any night air mail in Europe. Here, the weather bureau makes thirteen forecasts each night for different air mail routes.

While expecting to resume forecasting immediately, Prof. Cox explained that he would be busy preparing reports for the four different associations which he represented at the congress. In addition he expects to compile the information he gathered concerning the weather bureau abroad.

## WORKER FOUND DEAD.

Charles Basadine, 48 years old, of 6846 South Rockwell street, was found dead yesterday in the car barn at Rockwell and 35th street, where he was employed as a repairman.

## THE WAY A MAN FEELS AND LOOKS IS WHAT MAKES HIM WHAT HE IS

[In the July 21st issue of The Saturday Evening Post Charles Francis Coe in a story called Swag makes some very pointed statements about clothes]

"YOU know—and this is a fact that few people seem to realize—the way a man feels and looks is what makes him what he is. I used to read advertisements about 'the clothes make the man.' Well, they don't. But they help an awful lot, and looking backward I can see how that is

"You very seldom see a silk hat on the piers, or old clothes in banks. Nobody likes to let the world know that things are breaking bad for them. For that reason everybody keeps away from places where they are noticed above other people. If your clothes are bum you go where everybody else is wearing bum clothes. If they are good you go among well dressed people. And well dressed people are usually the more successful class of people. That's what clothes do"

## WEST TRAILS 56 MILLIONS SUNK IN RECLAMATION

Leaves on Inspection Tour of Six Projects.

BY ARTHUR CRAWFORD.

[Chicago Tribune Press Service.]  
St. Paul, Minn., Aug. 28.—[Special.]—Just what has become of the \$54,000,000 of governmental investment in half a dozen reclamation projects in the northwest and what should be done about it, are questions which Secretary of the Interior Roy O. West desires to have answered as he leaves tonight on his first official inspection trip.

Accompanied by a party of officials of the reclamation bureau of the Interior Department, and members of the house appropriations committee, Mr. West, who has occupied a seat in the Coolidge cabinet for a little more than a month, will spend two weeks getting the inside impressions of reclamation projects.

Only a Part of Vast Outlay.  
The six reclamation projects which Mr. West will visit are part of the twenty-four western ones which come under his jurisdiction. The money poured into these six by the government is about one-fourth of the \$230,000,000 expended for reclamation during the last 25 years.

The six projects are the lower Yellowstone in North Dakota and Montana, the Milk river and the Sun river in Montana, the Shoshone and the Rivoton in Wyoming, and the North Platte in Nebraska and Wyoming.

The total outlay by the government for the six projects has been \$58,373,665.

Of this sum there has already been charged off by the Interior department, under authority of an act of congress in 1926, \$9,974,312 as loss. This represents, in large part, expenditures for irrigation works on land which proved of little or no productivity. No attempt will be made to obtain reimbursement from settlers for this money.

Must Wait a Long Time.  
The remaining \$48,400,353 in the total of the present construction account. A part of it consists of a funding of overdue current charges, also authorized by the act of 1926. Theoretically this amount is to be repaid to the government by the settlers but under the existing contracts, which permit an adjustment of payments to correspond with crop values, it is certain to require at least forty years, and possibly fifty years or more, to clear it up, even if payments are kept up to schedule, which is unlikely.

A summary of the status of the six projects follows:  
Lower Yellowstone.—The present construction account amounts to \$3,738,613, which does not include \$899,271 already charged off, making a total of \$4,637,884. Since charging off losses, funding overdue payments and making new contracts in 1926, charges for construction and operation and maintenance totaling \$145,182 have been levied against the settlers, of which \$5,816 has not been paid.

Milk river.—Total of \$9,067,633 has been invested by the government in this project, \$5,272,788 being the present construction account and \$3,794,845

## MASSMEETING CALLED TO PROTEST CALUMET HARBOR CONSTRUCTION

A campaign against the construction of a deep water harbor in Lake Calumet will be opened tomorrow night at a massmeeting to be held in the Englewood Business college, 741 West Englewood avenue, under the auspices of the Southwest Chicago Brokerage exchange.

Members of the exchange favor a south side barge harbor in place of the Lake Calumet harbor when inland water transportation is opened two years hence from Chicago to New Orleans. Resolutions will be passed, it was stated, asking that \$50,000 be apportioned by the city council for the use of Commissioner of Public Works Richard W. Wolfe for the purpose of constructing the deep water harbor in Lake Calumet shall be reconsidered and rescinded.

Invitations to the meeting have been sent out to civic leaders in the Twelfth, Fifteenth, and Eighteenth wards and to representatives of Oak Park, Berwyn, Cicero, Lyons, Brookfield, Western Springs, La Grange, Hinsdale, Naperville, Aurora, Lemont, Plainfield, Orland Park, and Tinley Park.

\$45 having been charged off as loss.

Payment since 1926 have been kept up to date.  
Sun river.—There is a total of \$5,683,154 involved here of which \$257,471 has been charged off as a loss. Charges accruing since 1926 amount to \$10,701, of which all but \$596 has been paid.

Shoshone.—The government has put \$10,207,832 into this project, of which it hopes to get back \$7,985,160. The remaining \$2,222,672 has been charged off as loss. Since 1926 construction charges of \$1,692 have been assessed, of which \$38,845 has been paid.

Rivoton.—This is a comparatively new project, the estimated cost of which is \$9,038,500. The amount expended thus far is \$2,981,192, none of which has crept into the red ink column as yet. No assessments have been made for construction charges thus far.

North Platte.—This is one of the biggest of the reclamation projects, and there are pending in congress proposals for extensions to cover two new areas. The present construction account amounts to \$20,770,073, which is exclusive of a charge off of \$2,688,084, the total outlay having been \$23,458,057. Settlers have repaid the government \$2,506,656 in construction charges. Overdue payments amount to \$149,507.

## FRANCE TO JUDGE BLACKMER CASE ON LEGAL BASIS

[Copyright, 1928, By the New York Times.]  
PARIS, Aug. 28.—After some weeks of consideration, the request by the American government for the extradition of Henry M. Blackmer, the French foreign minister has turned the request over to the ministry of justice with express instructions that the case must be judged solely on its legal and not on any political basis. This procedure has been followed in other similar cases, notably that of three Argentines, whose extradition was refused last year.

Louis Barthou, minister of justice, has laid the case before an official tribunal composed of expert lawyers, who will decide whether there is a true bill, with the request that the reply be given within fifteen days. Mr. Blackmer's lawyers have announced that their client will abide by the decision of the French court and return home if his extradition is ordered, not seeking to escape to any other country. Premier Poincaré has himself been interested in the case and has been insistent that the decision be made purely on a legal basis.

GAME WARDEN HIT BY AUTO; DIES.  
Gardner, Wis., Aug. 28.—[Special.]—Game warden Carl Olson of Hayward died in an Ashland hospital today from a skull fracture suffered Thursday when hit by an auto driven by Ernest Swift.

## MALT BLASPHEMY TRIAL OF FORMER HARVARD SAVANT

Said Jesus Was an An-  
archist, if Sacco Was.

Boston, Mass., Aug. 28.—(AP)—A prosecution for blasphemy, the second in more than a century under an ancient Massachusetts statute, was held today when Judge Murray, in Municipal court, recalled a warrant in which Dr. Horace M. Kallen, philosopher and former Harvard lecturer, was charged with the offense.

The action was taken after a conference attended by representatives of the Boston police and others interested in the case. The warrant was based on a speech delivered by Dr. Kallen at a Sacco-Vanzetti memorial meeting on Thursday in which he said: "If Sacco and Vanzetti were anarchists, Jesus Christ was an anarchist."

**Case Likely to Be Dropped.**  
It was announced that the warrant had been recalled pending a further study of the statute in relation to the words complained of, but the general view in police circles was that no further action would be taken.

Dr. Kallen, who learned at his farm in Bethel, Conn., that a warrant had been issued for his arrest, announced that he would come to Boston immediately to accept service. He said: "The charge of blasphemy made against me as a result of my speech at the Sacco-Vanzetti memorial meeting last Thursday in Boston is not an extraditable offense. Extradition is not needed in this case. I am anxious to come to Boston to accept service of the warrant for my arrest issued by the Boston police on the blasphemy charge."

**Calls Charge Fundamental.**  
"I regard the charge against me as fundamental not only in general significance, I regard it as fundamental to the whole Sacco-Vanzetti case. I have asked William G. Thompson, who was counsel for Sacco and Vanzetti, to defend me and he has consented to do so. I will come to Boston immediately."

The Massachusetts statute regarding blasphemy was enacted in 1697, the last century or more it was invoked only once, when Anthony Blime, editor of a Brooklyn, N. Y., Lithuanian newspaper, was arrested in connection with a speech which he delivered at Brooklyn. The authorities maintained that Blime had denied the existence of the deity. The court held that the speaker had merely expressed personal beliefs in a manner permitted by law.

Dr. Kallen is associated with the New York school of social research. Dr. Kallen announced that he was consulting legal authorities with the view of taking action against those responsible for the issuance of the warrant.

**ASKS HUNT FOR HUSBAND.**  
John Wendell Mark, 695 West 61st, has appeared for help in locating his husband, a Chicago and South Bend railroad inspector, who disappeared three years ago. Mark, who is 27 years of age, is five feet seven inches tall and weighs 115 pounds. His wife and two small sons are destitute.

## AIRLINES TO OPEN UNION DEPOT IN LOOP SEPT. 8

Plans for a centralized Chicago ticket office, station and travel information bureau for airplane passengers, the first consolidation of this service in the United States, was announced yesterday by the Chicago Air Traffic association. The union airplane station will be opened in the Palmer house on Sept. 8 to serve all air passengers traveling in or out of Chicago.

The new station has been named the Air Travel Bureau and Consolidated Ticket office. It will be located inside the Monroe street entrance of the hotel where a waiting room has been provided.

Buses will carry passengers from the depot to the Municipal airport. Air schedules throughout the country and all ticket arrangements made enabling a passenger to purchase a ticket here for any destination in the country.

Announcement of the plans were made yesterday by Thomas Wolfe Jr., president of the association which comprises all the air mail operators in Chicago.

Aviation presents a new problem to public health officials, Health Commissioner Arnold H. Kegel declared yesterday in a speech to members of the Rotary club meeting in the Hotel Sherman.

"As our travel increases," he said, "the possibility for immediate and far spread communication of diseases becomes correspondingly great. I am going to take up the subject with the state board of health in the near future."

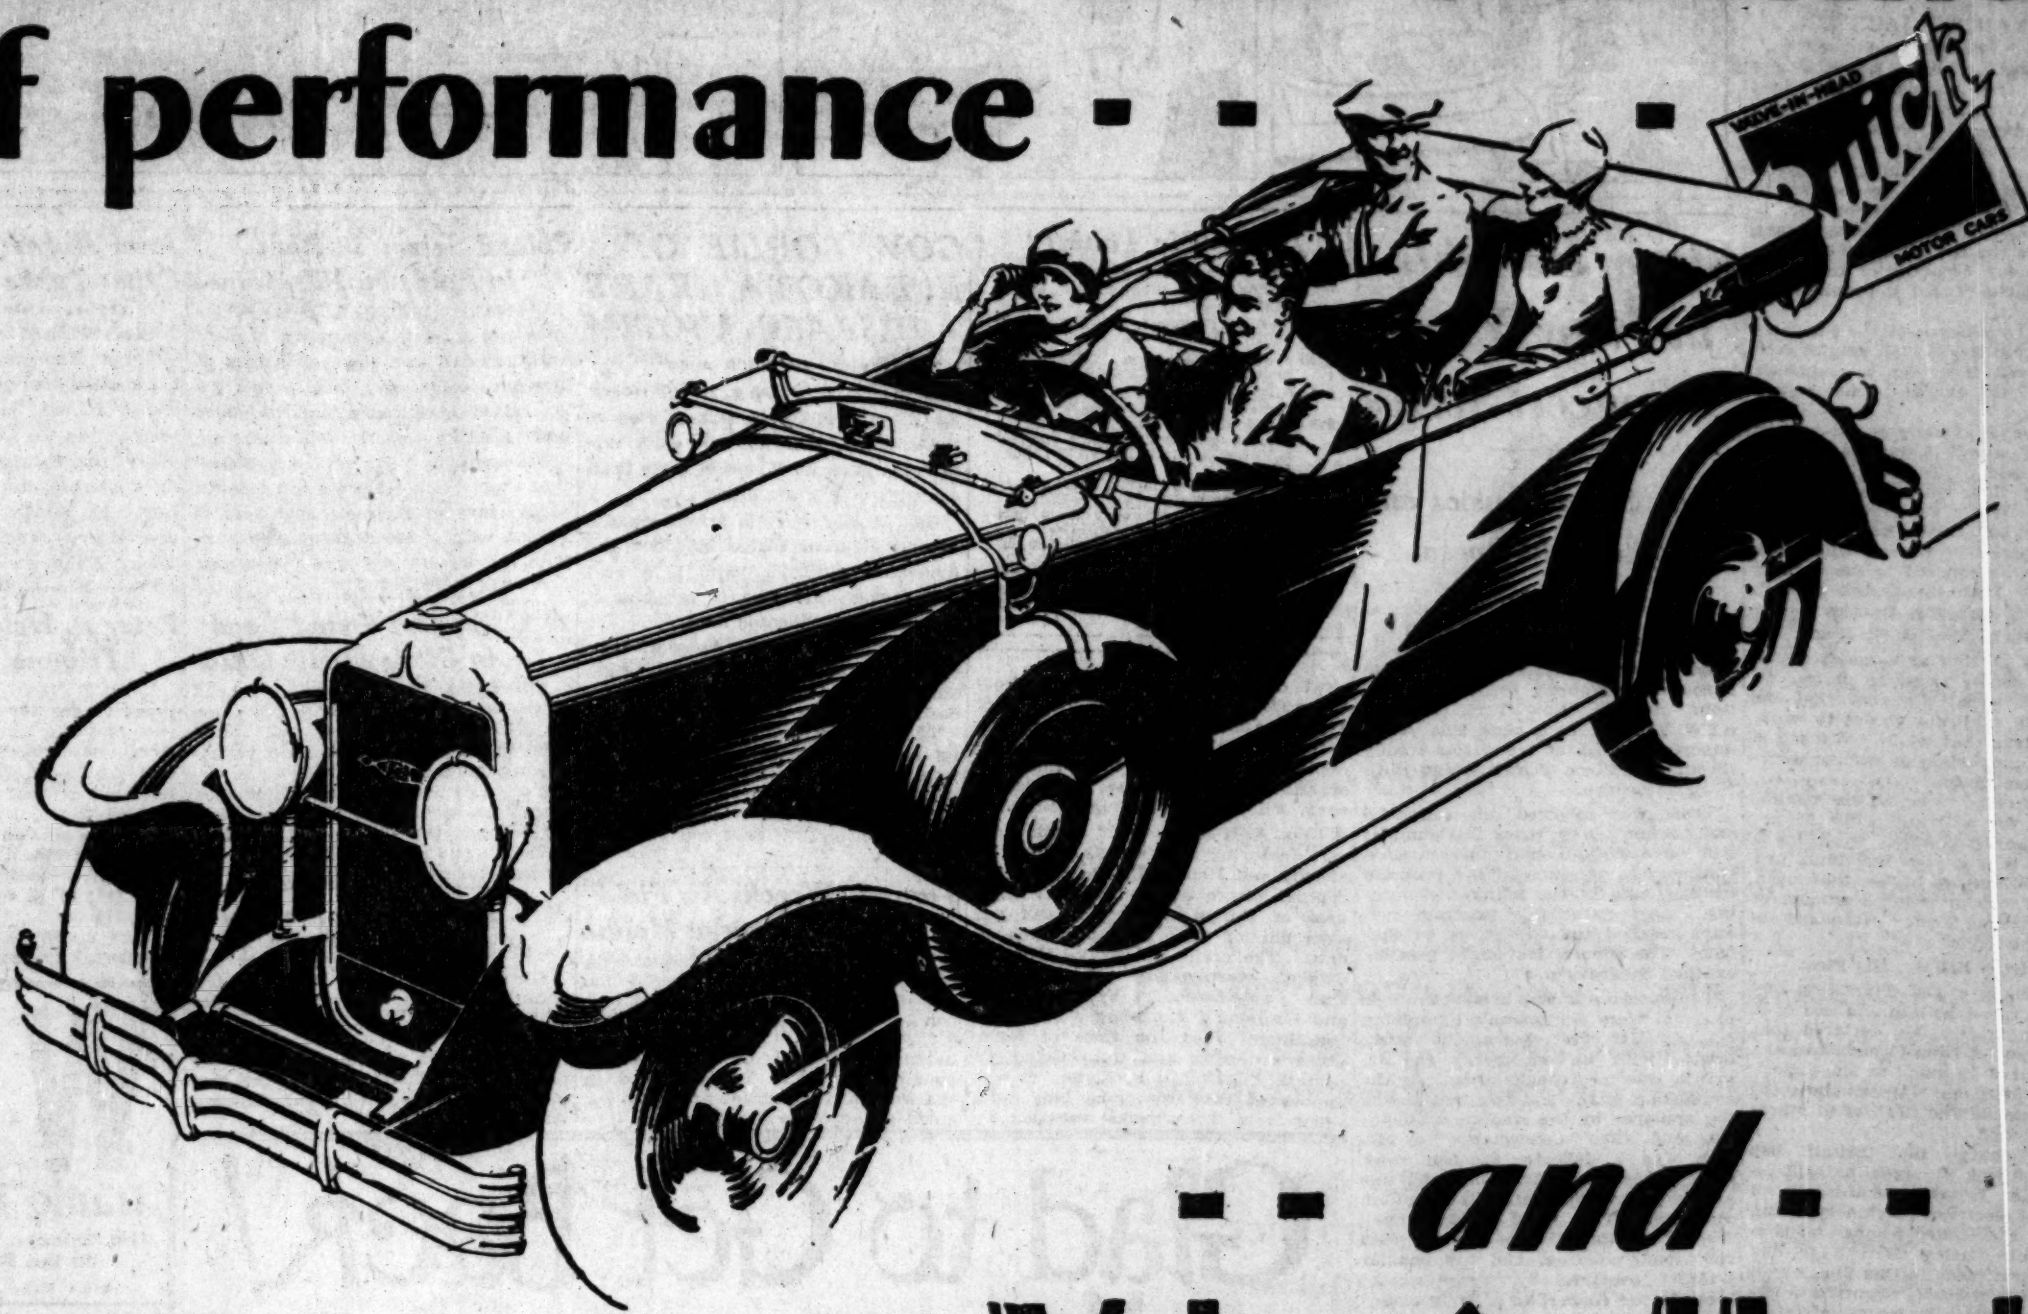

**An Effective  
Face Powder Base**  
Black and White Peroxide (Vanishing) Cream is the answer to the question "What will make my face powder adhere lastingly and really beautify my complexion?"

This quickly-disappearing cream provides the daintiest and most effective of powder bases—holding the face powder on caressingly with delicate smoothness and beauty. It also softens and whitens the skin, and protects it from dust and weather.

Black and White Beauty Creations are of a quality acceptable to those who seek the best, at prices within the reach of all—25c and 50c.

# A wonderful new Engine -- with wonderful new elements of performance --

## -- and -- a Valve-in-Head Engine-of course

Overshadowing even the vivid new style and beauty of Buick's Masterpiece Bodies by Fisher—introducing elements of performance unapproached even in the most costly cars—the new engine of the Silver Anniversary Buick marks a further triumph of the Valve-in-Head principle which Buick has made famous throughout a quarter of a century.

Here is a power-plant so new, so sensational and so radically superior in its abilities—yet so thoroughly proved in design—that it inevitably takes its place as the leading engineering achievement of the last ten years.

The new power-plant is larger—with increased bore and stroke—greater piston displacement—a heavier crankshaft—and vitally improved carburetion. And these refinements, together with a new high pressure fueling system, produce epochal results.

## The SILVER ANNIVERSARY BUICK

WITH MASTERPIECE BODIES BY FISHER

A tremendous increase in power—in speed—in acceleration—in flexibility! A thrilling re-creation of all elements of performance! An advance that is little short of revolutionary and that lifts the Silver Anniversary Buick to

heights never before attained by any automobile! You must drive this car. You must drive it to know what the new motor-ing means. You must drive it to know the great car of the world!

# FINDS DECREASE IN WOMEN WHO WORK FOR LIVING

Briton Ends Claim That  
Men Are Being Ousted.

BY STANLEY JACKSON.

MONTREAL, Que., Aug. 28.—Contrary to the popular belief that women are ousting men from jobs, the percentage of women who work for a living, compared to the number of men, is diminishing in Great Britain and believed to be so in America. The authority for this is Herbert G. Williams, parliamentary secretary of the British board of trade, a government department analogous to the United States department of commerce.

Mr. Williams is one of the delegates from all over the British empire who have arrived here for a Canadian meeting of the empire parliamentary association.

"Fifty per cent more of our women work than yours? I want to find out why," he said. "There is a popular impression that women are ousting men from jobs. The fact is that in England in the last fifty years the percentage of women who work for a living, compared to the number of men, is diminishing, and I think the same is true for America."

Men Want Women at Home. "It may be that as a man's standard of efficiency rises, he desires on grounds of social prejudice that his women folk shall not go out to work. For it is true that where efficiency is rising, the proportion of women working is diminishing."

"Forty-five per cent of our population work for a living, while 55 per cent of your population work for a living. It is true your individual productivity is higher than ours, but owing to your reduced number of people working, your standard is roughly the same."

Buy from Britain, His Plea. Mr. Williams urged Canada to buy more from Great Britain and less from the United States. He declared that Britain imported from Canada two and one-half times as much as she exported to the dominion, whereas the trade between Canada and the United States was about even.

To the charge that Britain has passed her peak strength, he said before the war Britain was third as an exporter of electrical machinery, being passed by the United States and Germany, while today Britain had achieved first place in this line, which he called the greatest scientific industry in the world. As far as manufactured goods generally were concerned he said Britain held first place.

## POLES RESUME ALLIANCE FIGHT; CHIEF IS JEERED

One faction jeered President Felix P. Gabarek of the Polish National alliance last night when he appeared before delegates in the Hotel Sherman to deny charges that earlier in the day he had branded the progressive faction of the members as bolsheviks. A committee of three was appointed to investigate the charges.

Ludwik Lesniak, chairman of the pre-convention new bureau and a member of the progressive branch, previously intimated that Gabarek may be ousted because of his attack on his opponents. A year ago, at the convention of the Poles was interrupted when a band of 170 delegates seceded and opened a rival convention. The issue that has split the convention into two factions is the question of homeland relations. The progressive element is striving to get the convention on record as favoring a hands-off policy in the affairs of Poland. Their opponents contend that Polish-Americans should take an active interest in the affairs of their native land.

## QUEEN OF DOPE PEDDLERS FREED BY DIXIE JUDGE

New York, Aug. 28.—(Special.)—Celia Metzger, 22, alias Lillian Smith, and who has been credited with being the leader of one of the largest illegal drug selling syndicates uncovered here in years, was carried on a stretcher into the federal court, Brooklyn, today. She was placed on a wheeled table before Judge William A. Atwell of Texas to be sentenced on a charge of possessing \$250,000 worth of narcotic drugs, to which she had pleaded guilty. She was suffering from "hysterical paralysis" and could not move. Beside her stood her sister, who did not remove the sheet with which the young woman was covered until Judge Atwell stood by her side. In almost inaudible tones they conversed. The judge then sentenced her to serve 13 months in prison, but suspended 12 months of the sentence and credited her with one month which she had passed in jail before she had obtained bail. Celia Metzger then was carried out of the court, free.

# LITTLE ORPHAN ANNIE: The Dreamer

## Elmer Delights in New York Concert Series

Hears Some Classics and  
Some Light Opera.

BY ELMER DOUGLASS.

Last night's concert by the Philharmonic Symphony orchestra, Levinsky stadium, New York, through KTW, brought to a close this year's important series of broadcasts locally through KTW on Tuesdays and W-G-N on Saturdays.

Those who followed this delightful and not too heavy series this summer will have noticed that there was a considerable variance in the program material and in the manner of playing. Last Saturday's program perhaps reached the climax up to that date. The concert last night possibly excelled Saturday's.

The special numbers in last evening's program were Schumann's Symphony No. 4. Its first movement fairly bristled with life and energy, the Romanza was most enchanting. At the completion of the last two movements the applause by the stadium audience was loud. The "Concertante" by Mozart was a delicate, fanciful work with themes and variations, and as also won the approval of the stadium audience. The Good Friday Spel from "Parsifal" came through with rich tonal coloring, and the popular "1812" overture by Tchaikovsky brought the concert to a lively close.

As it happened, the orchestra concert from New York, through W-G-N, 5 to 9, ran a close second in interest. They must have decided to have a symphony concert of their own. There are few things more charming than Gounod's "Funeral March of a Marionette"; it is so happy that it produces a chuckle, or perhaps a merry laugh. "In a Clock Store," by Orth, is another mirth provoking music.

## VOGUE & THE MODE

A series of twelve radio talks by the editors of Vogue.

## GOV. SORLIE OF N. DAKOTA HEART DISEASE VICTIM

(Picture on back page.)

Bismarck, N. D., Aug. 28.—(AP)—Gov. A. G. Sorlie of North Dakota died at the executive mansion here early this morning after an illness of more than a month with heart disease.

Gov. Sorlie's death brings to the executive's chair Walter Maddock, the lieutenant governor, who is a real dirt farmer and who is rated as a self-made, self-educated man.

Arthur Gustave Sorlie was born April 26, 1874, near Albert Lea, Minn. His parents were Iver and Mary Sorlie, natives of Norway.

The Nonpartisan league made him its standard bearer in 1924 and he won the gubernatorial election after a hot fight with R. A. Nestos, the Republican incumbent. He was re-elected in 1926, but did not seek re-nomination this year.

## Tornado Wrecks Air Field Lights, Hangar at Moline

Moline, Ill., Aug. 28.—(Special.)—A miniature tornado struck the Moline airport early today, wrecked the beam and field lights, and caused about \$15,000 damage. The roof of one hangar was torn off. The south-bound plane from Dallas landed in the wake of the tornado at 3:40 a. m., aided by kerosene lanterns.

## Poland Seizes 62 Reds in Raids on 100 Homes

WARSAW, Poland, Aug. 28.—(AP)—Sixty-two alleged communist leaders were arrested and large quantities of literature confiscated today when police raided more than a hundred homes and meeting places following an announcement by "junior communists" that they would celebrate the seventh anniversary of their establishment in Poland with street demonstrations on Sept. 2. Several hundred counterfeit passports were seized.

## A. C. Stayart Found Dead in Chair at His Office

Albert C. Stayart, 73 years old, head of the box company bearing his name at 2033 Mohawk street, was found dead in his chair in his office yesterday morning. He had been a victim of heart disease. He had returned from Europe only last Saturday, and told friends that he was in the best of health and spirits. An inquest will be held today.

## Mrs. H. Chaplin, Mother of Charlie and Syd, Dies

Glendale, Cal., Aug. 28.—(AP)—Mrs. Hannah Chaplin, mother of Charlie and Syd Chaplin, film comedians, died at a hospital here today. She had been ill more than a month from an intestinal disorder. Charles was at the bedside, having expected the end throughout the night.

## Josef Hofmann's Wife, 2 Other Yanks Hurt in Crash

(Chicago Tribune Press Service.)  
SAN SEBASTIAN, Spain, Aug. 28.—Three Americans, including Mrs. Elizabeth Hofmann, wife of Josef Hofmann, famous pianist, were injured today when the automobile taking the party from Saint-Jean de Luz to a bull fight crashed into a tree. The others hurt are Edwin Bachman, violinist, and Harry Jauffman, both of New York. They were taken to the hospital at San Ignacio.

## Peter P. Heim, Veteran Tribune Employee, Dies

Peter P. Heim, for many years a proof reader for THE TRIBUNE, died yesterday in the Lakeview hospital from a skull fracture he incurred several days ago when he slipped and fell down a flight of stairs in his home at 3268 North Clark street. He was 73 years old, and is survived by one daughter, Mrs. Elsie L. Nystrom. Funeral services will be held tomorrow at 1:30 p. m. in the chapel at 2701 North Clark street. Interment will be in Elmwood.

## CHARGES WILSON SELF-RULE IDEA ONLY A SLOGAN

### Interparliamentary Union Closes Sessions.

BERLIN, Aug. 28.—(AP)—The charge that self-determination of nations is a mere political slogan that does not exist in fact was made at the closing session of the conference of the interparliamentary union here today by Prof. Walter Schucking of Germany, chairman of the congress and a noted authority on international law.

He urged a return to the principle of self-determination enunciated by President Wilson in his famous fourteen-point plan.

"Unless we are willing to solve this most difficult problem in an advanced way, with due regard to the vital necessities of peoples, all the Kellogg pacts will not suffice to safeguard peace," he said.

**Relations Between States.**  
Senator Henri La Fontaine of Belgium, chairman of the union's judicial commission, presented the commission's resolution, which says among other things that the relations between states must be governed by the same principles as the relations between individuals, that every people has the unqualified right of self-determination, that every dispute between states which cannot be settled amicably, must be settled by judicial means. The resolution also said that the independence of states is inviolable and that territorial modifications may only take place in conformity with international law and on the basis of the freely expressed will of the nations concerned. The resolution was adopted.

The Belgian senator deplored the fact "that new states which formerly espoused self-determination now do not recognize this right for the minorities within their boundaries."

**De Valera Is Applauded.**  
Among the speakers of 22 nations who participated in the discussion was Eamon de Valera of the Irish Free State, who was received with long applause. He warned against recognition of the status quo in existing territorial arrangements.

Stanislav Lusk, representing the Ukrainians in Poland, complained of the wrongs he said were being suffered by 40,000,000 Ukrainians spread over the four states of Russia, Poland, Rumania, and Czechoslovakia.

Frau Christine Teusch, a member of the German reichstag, speaking in behalf of the seventeen women delegates, demanded the extension of women's rights to enable them better to fulfill their duties as mothers of the next generation and guardians of peace.

**All Civic Life Ceases as Epidemic Hits Athens**

LONDON, Aug. 28.—(U. P.)—Athens today was reported to be a vast hospital with thousands of people suffering from dengue, and virtually all civic life is at a standstill. The reports said that 150,000 out of 700,000 persons were ill of dengue, while 150,000 others are recuperating after weeks of illness. The avenues are deserted and social life is at a standstill. Telephone service is disrupted, railroad schedules are inoperative, and public service has ceased.

## WESTERN INDIANA RAIL ORDINANCE TO GET NEW TEST

Ald. John J. Coughlin announced yesterday he intends to have the Western Indiana railway ordinance re-passed over Mayor Thompson's veto at the next council meeting Sept. 12. This is the ordinance permitting the

Dearborn station terminal to increase its facilities, which James Simpson of the Chicago Plan commission said would interfere with the development of a large south side terminal for all roads now using the Dearborn, La Salle and Grand Central stations.

Other aldermen said yesterday that Mr. Coughlin cannot override the mayor's veto unless the mayor himself desires it. The mayor is credited with having enough council votes to sustain any veto.

# CARSON PIRIE SCOTT & Co School and New Terms in Style

Whether it's the very first of the "first" reader term—or the first of the "last" eighth grade term—the new "terms in style" are important. The Juvenile Floor (the Fifth) knows this well. And has ready all that is new and smart—those confidence-giving clothes that mean a carefree, happy air in greeting old friends or meeting new.

### A New Blouse—

Of soft fine fabric in those all-over prints, at \$1.65. Shirts with collars attached are \$2.

### Shoes—Army Style—

In tan elk, which gives such good service. Priced according to size at \$5.50 and \$6.50 pair.

### Stockings and Unionsuits—

Cotton stockings with the cuff tops are 75c pair.

Unionsuits made with short sleeves, knee length, of soft cotton, \$1.35 up, according to size.

### Ready on Schedule Time!

## Suits Boys Wear Back to School

The kindergarten laddie or his big brother up to nine chooses without hesitation the English jacket suit with the trim shorts, either in tweeds or herringbones. There are two pairs of shorts with each suit at \$15.

For the older boys, nothing suits quite so well as the knicker suit. Here are some especially smart-looking suits for boys of 9 to 16 years. They have the double breasted vests and plaited knickers. All wool, of course. \$30.

Sports sweaters in the conservative greens, tans and grays which every schoolboy knows are smart this year, may be chosen at \$5.

### Boys' Caps—

The new materials—tweeds, and fine woolsens, cut and tailored on new swaggar lines, so they cannot be mistaken for last season's. \$2.50 to \$3.50.

## What to Wear

## the First Day

### The Hat—

In felt or velours, these are smart little styles in browns, tans, navy and reds. \$5.

### The Shoes—

A good-looking version of the Oxford. In brown or black calfskin with solid leather heels. Sizes 11½ to 2, at \$6. Sizes 2½ to 8, at \$8.

### And Stockings—

Cuffed tops, as well as the kind that goes over the knee. \$1.

### New Styles in Undies—

A combination. Comes in pink or white crepe de chine daintily trimmed with lace. In sizes 6 to 14, it is priced at \$2.95.

### These Are the Togs to Answer the Question

#### A Challis Bloomer Frock—

Making good in studies and fashions will be an easy matter in this bloomer-frock in its bright stripes and pert style. In challis. Sizes 6, 8, 10, at \$11.50.

#### Jerseys for Juniors—

Make the smartest of frocks. Careful workmanship does a great deal to accent the youthful lines of this frock. Two-piece, the blouse is a lighter shade to effect two tones—in brown, green or blue. Sizes 8 to 14 years. \$6.50.

#### Chinchilla, the Classic in Coats—

The ever-smart coat in German chinchilla, beautifully tailored in double breasted style. Tan, French blue, green and navy. Sizes 6 to 14 years. \$22. Hats to match in the Junia Room, \$5.

## ADVANCE SALE BOYS' JERSEY SUITS

\$5.00

25 different styles  
for school, dress  
or play

Savings of ¼ to ½

Mothers of little fellows from 2 to 10 years will find this a most unusual opportunity to save. These are fine quality suits in the very newest middie, Oliver Twist, Lumberjack and Button-on (Crew Neck) styles. Reds, blues, browns, tans, greens, whites and blacks, as well as dozens of color combinations are here. Values that suggest the purchase of a season's supply. Each, \$5.

Many samples  
one or few of  
a kind

Sixth Floor—State.

## MANDEL BROTHERS

## All on the Juvenile Floor—the Fifth

The other members of Jones' foursome played fairly good golf. Evans scoring 35-37-75; Perkins, 35-37-75, and Dr. Treddell, 35-37-76.

If it had been a match round Jones would have been six up on Perkins and seven up on Treddell.

Dawson's 36-35-71 was brilliant golf and was expected to win until overshadowed by Jones' string of threes. Johnny was in traps, losing

## SLIPPING GIANTS LOSE TO BRAVES, 3 TO 2 AND 7 TO 5

### Hornsby's Bat Leads to Double Defeat.

New York, Aug. 28.—(AP)—The penultimate chances of the Giants received another rude shock here today when the Braves made off with both ends of a double header, 3 to 2 and 7 to 5. The double reverse ran the Giants' losing streak to eight in the last nine games and dropped them five and one-half games below the Cardinals.

The bat of Rogers Hornsby may be blamed by the Giants for their double defeat. The Boston manager and former Giant second baseman hit three doubles and three singles in the two games. He drove home two runs in the opener and scored the third. The blow was equally effective in the second clash. Scores:

# TALL BUILDING FOR WINTHROP- LELAND CORNER

## BY AL CHASE.

Uptown is to have another tall building. This was disclosed when the Hoxley Bros. Wrecking company began to demolish the apartment and store building at the southeast corner of Leland and Winthrop avenues. Louis Zuckerman, head of a syndicate which owns the corner, admitted that a tall building was to be erected, but said nothing definite could be announced until negotiations had been completed with prospective tenants.

The site is in the center of the uptown district, being half way between Wilson and Lawrence avenues and a short block, really half a city block, east of Broadway and the "L." The building being wrecked originally contained a large building but some time ago was remodeled and the first floor made into stores.

## Boys Site for Church.

The Catholic bishop of Chicago has purchased the southeast corner of Washington avenue and West 23d street, 215x134, from Michael Zaleski and others as the site for a \$300,000 group of church and school buildings. No architect has been engaged, but it has been decided to use the English Tudor design in all the structures.

The church will occupy a 70x125 site at the corner, with the school in the rear on ground 110x80. Both buildings will accommodate 1,000 persons. The church will be known as St. Roman's. The pastor is the Rev. John Pavlovsky. Frank A. Brodinski was attorney in the site purchase.

## A "Five and Ten" Lease.

The F. W. Woolworth company has leased from Louis Glasenbein a store building in the building to be erected at 2746-48 West Chicago avenue, for a term of twenty-five years and three months. The total rental will be \$121,415, according to the Farnham-Kuhn company, which represented all parties. The building will have foundations for additional stories. The lease starts Feb. 1, 1929.

Title to the apartment building at 4771 Ellis avenue, lot 100x127, has been transferred by the Kimball Trust and Savings bank, trustee, to Nelson O. Hanks. The structure contains ninety-six flats.

**ONDS IRREGULAR**  
**TH TRADING IN**  
**IMITED VOLUME**  
New York, Aug. 28.—(AP)—The bond market was only moderately active today and price movements were irregular. Utilities were among the more active issues, their firmness reflecting strength of utility stocks. A gain by Brooklyn Union Gas 5 1/8 to 4 1/8 closed with a net gain of 1/8 on a heavy turnover. United Light and Power 5 1/8 encountered profit taking.

Others again were active, Anaconda mining more than a point. Dole on a heavy turnover. United Light and Power 5 1/8 encountered profit taking. Anaconda mining more than a point. Dole on a heavy turnover. United Light and Power 5 1/8 encountered profit taking. Anaconda mining more than a point. Dole on a heavy turnover. United Light and Power 5 1/8 encountered profit taking.

## RIGHT TO ACQUIRE K. C., M & O. LINE GIVEN SANTA FE

By O. A. MATHER.

Another railroad consolidation was announced yesterday when the Atchafalaya, Kansas City, and Santa Fe was authorized by the interstate commerce commission to take over the Kansas City, Atchafalaya and Orient. The Santa Fe has 15,581 shares of Orient capital stock and now it is authorized to purchase the remaining 26,439 shares at \$11.50 a share.

The deal will cost the Santa Fe around \$300,000, and it will acquire the Santa Fe's 735 miles of line from Wichita, Kan., to Alpine, Tex., as well as all the equipment, etc. The two roads have eight junction points, and by using portions of the Orient's line as a cut-off the Santa Fe can effect a saving in distance running as high as 285 miles. The commission's decision said the roads are complementary and supplementary rather than competitive.

Business News Mixed.  
News of trade and industry was mixed yesterday. Business is expanding mildly, although somewhat less active than a year ago, judging by the railroad movement of commodities. Loading of revenue freight for the week ended Aug. 25 totaled 1,006,905 cars, an increase of 12,462 over the preceding week, but a decline of 9,923 from a year ago. However, most of the decline was due to lower coal loadings. Miscellaneous freight ran 5,053 cars above a year ago, but merchandise and less than carload freight fell off 5,524 cars. Grain and livestock increased, while live stock and forest products declined.

Petroleum Production Gains.  
Another increase in petroleum production occurred last week. Daily average gross crude oil output was 2,477,450 barrels, a gain of 22,950 barrels a day over the previous week, according to the American Petroleum Institute. Large increases in Oklahoma, Wyoming, north and east central Texas more than offset declines in west Texas, coastal Louisiana, and California.

Further efforts to remedy the long standing condition of overproduction are likely to be made. It was reported in Wall Street yesterday that Walter C. Gage, president of the Standard Oil Company of New Jersey, on his return from Europe will call together leaders in the oil industry to discuss a concerted plan of production which he is said to have taken up with the heads of the Royal Dutch-Shell and the Anglo-Persian oil companies.

Gosard Company Changes Name.  
Stockholders of the H. W. Gosard company yesterday voted to change the name to Associated Apparel Industries, Inc., and to increase the authorized capital stock from 200,000 to 500,000 no par shares and eliminate the present 5,720 preferred shares. The additional common stock will be held in the treasury for purposes of future expansion.

The New York, New Haven and Hartford railroad directors declared a dividend of \$1 on the common stock. A special dividend of \$1 was paid in April, which was the first payment since 1913. The New Motor Car company declared an extra dividend of 3 per cent, and the Congress Cigar company declared an extra dividend of 25 cents. The Great Northern railroad declared a 4 per cent interest payment on its 6 per cent adjustment mortgage bonds for the first half of this year.

What is  
**YOUR Idea of  
Credit Risk?**  
In the minds of many creditors, risk is always associated with some tangible indication of danger, such as a poor rating, bad reputation, slow pay, etc.

In reality, risk exists wherever there is incomplete knowledge of the pertinent facts. You can't possibly know all about your debtors' affairs; you can't possibly foresee nor prevent bad debt losses. But you can protect yourself against them, with

**American Credit Insurance**  
Right now, some of your best customers may be on the verge of failure. Play safe—don't gamble with your book accounts. Protect them now, with one of our policies, scientifically written to fit your exact requirements.

## TOPICS OF FINANCE TRADE AND INDUSTRY

Inquiries for machinery are good in volume for this time of year and prospects for fall business are much better than a year ago, states American Machinery. Indications are for the largest sales of machine tools in the first eight months of the year since 1921. Automobile prospects are exceptionally favorable, and the truck business is again an important factor. Steel mills are making good purchases.

Negotiations between the Finkbine-Guild Lumber company and the Great Southern Lumber company have resulted in the organization of the Southern Redwood company, which has taken over all of the properties of the Finkbine-Guild company, including their redwood operation at Rockport, Cal. Rockport is in St. Louis and Itasca counties, Minnesota.

Since Jan. 1, 1927, proprietary companies have leased all developed mines to five different companies. It reported net income of \$2,521,146 for 1927, against \$2,351,888 for 1926.

These figures were equal to \$1.50 per share in each year on the 1,600,000 certificates of beneficial interest authorized and outstanding.

Dividends have been paid as follows: 1919, \$1.00; 1921 to 1925, inclusive, 50 cents each year; 1916, \$1.25; 1917, \$1.50; 1918 to 1921, inclusive, 34 cents each year; 1922 and 1923, 23 cents; 1924, 44 cents; 1925, 47 cents; 1926 to date, \$1.50 each year.

At the end of 1927 paid in surplus stood at \$24,052,750, earned surplus by development at \$15,755,785, undivided surplus, proprietary companies, at \$1,844,230, and surplus held by trustees at \$159,416.

Current assets were \$2,192,588 and current liabilities \$469,422 at the end of 1927. This left net working capital of \$1,723,166, which compares with \$1,143,167 at the end of 1926.

The certificates are of medium grade and speculative.

**COTTONSEED OIL.**  
NEW YORK, Aug. 28.—(AP)—COTTONSEED OIL—Market was more active today, closing steady at 4 to 6 points net advance. Sales, 28,200 bbls. Price crude, nominal; prime summer yellow spot, 9.30c; September closed, 9.30c; October, 9.55c; December, 9.70c; January, 9.75c; March, 9.85c.

George W. Loft, president of Loft, Inc., confirmed reports that his company is now carrying on negotiations looking toward a merger of the Loft stores with other interests. He declined to divulge the name of the company or any additional details of the negotiations.

Plans are under way to apply to the New York stock exchange for listing the capital stock of the Montecatini Mining and Agricultural company, Inc., one of the largest industrial enterprises in Italy. It is believed in Wall Street that the listing would make an important addition to the small group of foreign stocks now dealt in on the exchange.

Public offering will be made tomorrow of \$5,000,000 East Bay municipal district, California, 5 per cent gold bonds maturing 1935 to 1974 and priced to yield 4.55 per cent. Another offering will be \$500,000 sinking fund 6 per cent gold debentures of William H. Wiles & Co., publishers.

Short covering caused a rally of about 25 points at the opening of the New York cocoa exchange yesterday after Monday's drastic decline of 115 points, or the equivalent of \$154 for 20,000 pounds, the widest ever recorded on the exchange in one day. The drop was attributed to the reported dissolution of a combination of five large British operators in the Accra districts on the gold coast of Africa.

Swift & Co. announced the appointment of Louis F. Swift Jr. as manager of the company's plant at Denver, Colo. He is the son of Louis F. Swift, president of the company, and a grandson of Gustavus Franklin Swift, who established the packing plant.

E. J. Kulas, president of the Otis Steel company, announced that the company would immediately proceed with the building of a new hearth furnace. This will be the second of a program of three authorized early this year. When the new furnace is completed early in October the company will have seven open hearths with annual capacity of 600,000 tons.

Directors of the Vick Chemical company elected five new vice presidents. President H. S. Richardson reported that the 12 months ending June 30 constituted the best year in the company's history.

Demand sterling sold down to a new low at \$4.94 1/2-1/4 yesterday, but cables held steady around \$4.85 1/4. Japanese yen broke 17 points to 45.06c.

A resolution declaring regular quarterly dividend of \$1.50 on 6 per cent preferred stock of Florsheim Shoe company payable Oct. 1 to stockholders of record Sept. 15, has been amended to make the record date Sept. 15.

Leading Cleveland alloy steel producers have increased the base price \$2 a ton, effective immediately, and pig iron sellers are preparing to increase the price for local delivery from \$17.50 to \$18.

## INVESTORS' GUIDE

Inquiries must bear the signature and address of writer. Answers of public interest will be published, those of general interest will be mailed by stamped, self-addressed envelope to enclosed. Address letters to Investors' Guide.

**Great Northern Iron Ore.**  
E. M. M. Exeter, N. H.—The Great Northern Iron ore properties is a trust-ship under trust agreement dated Dec. 7, 1906.

It holds fee ownership, entire or fractional interests, in various mining lands and mine leaseholds, also fee interest in other lands, all on the Mesaba Iron range in St. Louis and Itasca counties, Minnesota.

Since Jan. 1, 1927, proprietary companies have leased all developed mines to five different companies. It reported net income of \$2,521,146 for 1927, against \$2,351,888 for 1926.

These figures were equal to \$1.50 per share in each year on the 1,600,000 certificates of beneficial interest authorized and outstanding.

## MERGER PLANS ARE APPROVED BY NOVADEL BOARD

New York, Aug. 28.—(AP)—Directors of the Novadel Process corporation of Buffalo have approved plans for amalgamation of the novadel process for manufacturing and bleaching wheat flour and other cereal products and the agent process of Wallace & Tiernan, Inc., of New York City. Stockholders will be asked to meet on Sept. 10 to act on the proposal and formation of a new corporation to be known as the Novadel-Agene corporation.

Under tentative plans, stock of the new corporation will be distributed to stockholders of the present companies in proportion to net earnings of each process for the 18 months ended March 31 last. Present stockholders of Novadel process consequently would receive one share of the new 7 per cent cumulative novoting \$100 par preferred stock of Novadel-Agene for each three shares of Novadel now held and a bonus of two shares of no par common stock of the new corporation.

## LABORERS CALLED DECISIVE FACTOR IN WAR OR PEACE

BY HARPER LEECH.

The rich live much alike in all countries. Interest rates and dividend payments are surprisingly uniform throughout the world. The ownership of capital is diffused across national boundary lines. Science and technology are international.

But the conditions of labor are much less uniform. Out of discrepancies in labor life arise different modes of national thought and emotion, and from such differences wars arise.

Therefore the words exchanged at Paris—mere echoes from the intellect and emotions of the surface strata of various national societies—are meaningless in themselves and if perpetual peace has really been inaugurated, the historian must search elsewhere for the forces which have brought it about.

Has modern industrialism produced such a substantial uniformity of living standards throughout the world as to lessen substantially the chances for war?

In probing that question such facts as these would seem highly pertinent: Daily wage of bricklayers—Austria, 11.25; Belgium, 11.25; France, 11.25; Germany, 11.25; United States, 11.25; Common laborers in the building trades—Italy, 80 cents; Norway, 11.25; Sweden, 11.25; United States, 11.25.

That could be spun out column length. Evidently the American masses are living and working differently from the masses of the other industrialized nations. Therefore they are feeling and thinking differently. The inarticulate mentality of the masses today will determine the culture and ideology which the intellectuals will espouse tomorrow. It is therefore more important than the talk of professors, clergy, newspaper men and social workers to-day—and that goes also for bankers, financiers, captains of industry, and so forth.

The ideology of the surface strata of modern societies is historical-derived in great measure from two great insurgent movements of the past—the revolt against the slave economy of the ancient world, and the revolt against the landed society of the middle ages. Capitalism and scientific technology are too new to have developed a positive ideology—too recent to have been rationalized into a culture or idealized into a cult. So literature, politics, and peace talk are mostly compounded of echoes.

Capitalism has removed two great urgencies to warfare. It has alleviated and almost eliminated the land hunger which made men fight of old. It has eliminated the economic demand for slaves or other cheap imported labor. Causes for war still exist, but economic causes for war have been lessened.

It is very hard to figure out a profitable war today. The only conceivable military enterprise by which other men could hope substantially and quickly to better their living standards would be a war to compel the United States to open its commodity and labor markets to free trade. And even that would be a temporary gain.

But as the United States now contain the greatest part of the world's modern kind of wealth—high productivity and consumption—it is the great repository of "loot"—hence a potential objective of war. On the other hand its preponderant wealth is translated into adequate military power in the greatest force for peace—despite the fact that such doctrine is abhorrent to the mentality of pacifists.

### TRADING INCREASES AND PRICES ADVANCE IN CHICAGO STOCKS

Chicago stocks moved upward again yesterday and the volume of trading expanded as money rates eased slightly. Several of the recent speculative favorites made sharp gains and established new peak prices. Keystone Steel led in activity with a turnover of about 10,000 shares, the price jumping to 62 1/2 and closing a point lower for a net gain of 3 points on the day.

Grigsby-Grunow in the radio group, however, was the star performer, soaring 7 points to 147 1/2 on reports of large earnings and a two-for-one stock split-up early next year. Zenith Radio gained a point, and Oakes "A" made a fractional gain. But Atlas Stores declined 3/4, Sonatone was off 1/4, and Raytheon lost 1/4 point.

The Atlas Stores announced the acquisition of five stores of the Serin company and the Capital Radio Store all in Detroit, with a combined volume of about \$1,000,000 a year. A new store also has been opened in Hamilton, O., and the company is negotiating for additional stores in Cleveland, Milwaukee, St. Louis, and Pittsburgh.

In the motor group, Borg-Warner and Galesburg-Coulter advanced 1 1/2 each on reports of excellent earnings; McQuay-Norris rose 3 points, Auburn Auto was up 2 points, and Foote Gear made a fractional gain. But Pines Winterport, Stewart-Warner, and Bendix lost a point or more.

## Care and Supervision

AMONG the important elements that the investor should consider in finding a place for his money is the degree of care and supervision that he must give to the investment.

An active business man may sometimes find that the best investment for his surplus funds is in his own business. Or, he may find that by careful watching of his commitments he can secure an attractive return on a portion of his funds from securities of a partly speculative character.

At the other extreme—a widow without business experience should usually confine her commitments to the highest type of bond investments which require a minimum of supervision.

As is the case with the other fundamental elements in investing—exemption from care and supervision may be purchased at the expense of certain other factors, such as the amount of income return. The investor, therefore, should consider carefully how much time, care and supervision he is able and willing to give to his investments, and should make his selections accordingly.

## Lawrence Stern and Company

### INVESTMENT SECURITIES

231 South La Salle Street Telephone Central 8350 Chicago, Illinois

## Elm-La Salle Building

### {Elm Street Trust}

### CHICAGO

### First Closed Mortgage 6% Serial Gold Bonds

SECURITY AND VALUATION—The total issue is \$600,000, secured by a closed first mortgage on land and a seven-story and English basement apartment building, being erected on West Elm Street, between La Salle and Wells Streets, Chicago. The floor area of the building is approximately 100,000 sq. ft., making the issue approximately a 57.6% loan.

EARNINGS—The building is planned to meet the enormous demand for small, moderately priced apartments, and based upon a very reasonable rental schedule, the estimated net earnings, available for bond interest, depreciation and Federal profits taxes, is over 2.2 times maximum interest requirements.

BUILDING AND LOCATION—The building will contain 248 apartments and one store. Electric refrigeration, gas and electricity are included in rentals and elevator and telephone service provided. The apartments will be leased on a yearly basis, unfurnished. The location is approximately one-half mile from the Lake front and within walking distance of the Loop. Transportation facilities are excellent and there is but a limited amount of such desirable residential territory available so close to the business center of the City.

OWNERSHIP—The property will be owned by the Elm Street Trust, the principal members of which are unusually responsible financially and include Mr. John T. Wheeler, a prominent Chicago realtor; Mr. Myron H. Spades, a capitalist engaged in the real estate business; Dr. Herman L. Kretschmer, a noted Chicago physician and surgeon; and Mr. Frank B. Klock, President of Murray & Nickell Manufacturing Co.

The bonds mature in series from February 1, 1931, to August 1, 1938

# SEPTEMBER CORN LEADS ALL GRAIN TO HIGHER LEVEL

BY CHARLES MICHAELS.

A heavy oversold condition was disclosed in the grain markets, and with general short covering prices advanced rapidly, with September corn in the lead. The latter acted tight from the start and it took but relatively little buying to start values upward, and at the top it showed 4 1/2¢ over the finish of the previous day, touching 97¢, the highest price since Aug. 3, with the close at a net gain of 3 1/2¢. The deferred deliveries advanced 2 1/2¢ and closed at the top. Strength in September corn was instrumental in bringing about a rally of 2 1/2¢ in wheat from the low point with a net gain of 1 1/2¢. Oats closed 1/4¢ higher, while rye was up 1/4¢.

There was nothing in the general run of the news to account for the sharp advance in grain values, but the bearish factors have been so obvious that the sentiment had become almost unanimously bearish, and the markets were heavily oversold.

**Readjustment in Corn.**

September corn has acted tight for some days, and has been selling at a discount of 6¢ to 14¢ under contract grades in the sample market, and part of the bulge has been in the way of readjustment with the cash article. Sellers of corn were forced to protect themselves on the way up. Local shorts were free buyers of December corn with selling against daily and weekly offers a factor in checking the advance. The country took advantage of the bulge to sell around 500,000 bu cash grain to arrive, including 200,000 bu old.

A decrease of 2,023,000 bu was shown in North American available supplies of corn with the total now 11,618,000 bu, or 12,900,000 bu less than last year. Broomhall reported that the Balkans had bought a full cargo of Argentine corn recently, and it was claimed that purchases of new crop American had been made for deferred shipment as the result of a poor yield abroad incident to drought and heat. Somewhat less favorable crop comments came from Nebraska. There was little pressure on the December until it touched 76¢. A leading local operator who has been bearish for some time was credited with having been a liberal buyer through commission houses.

**Short Covering in Wheat.**

Weakness in Liverpool, which was off 10 1/4¢ in the face of the uptick in North America on Monday, was responsible for scattered selling and a lower range of values here early, but the strength in corn started shorts to covering, and there was no material pressure on the way up, with strong commission house buying developing around 11 1/2¢ and over for December. Little attention was paid to the relative weakness in Winnipeg which was up only 1/4¢ for the day, with favorable weather for harvesting in the west.

Foreign demand for cash wheat was decidedly slow, and no sales of consequence were reported at the seaboard. World's available supplies decreased 2,283,000 bu for the week and are 182,970,000 bu against 149,307,000 bu last year. Cash interests and commission houses bought September oats and there was a material letup in hedging sales and the movement in the interior has let up considerably. Sales of 125,000 bu were made here to exporters with charters for that quantity to Montreal. Trade in rye was not large, but the market was firmer in sympathy with wheat.

**LARD PRICES STRONGER**

Character of the provision market's trading was the same as on the previous day, being largely in changing lard from September to October and December. There was a little buying of late. There was also a little buying of distant deliveries, while foreign lard sold the market. At the same time, September lard was higher and other months 1/4¢ to 1/2¢ higher, the latter on January.

Domestic lard in lard was fair, but export business light. Receipts cleared were 48,775 lb. Liverpool lard was unchanged to 3d higher.

Little interest was on in mutton, yet short ribs closed 10 1/2¢ higher and bellies unchanged to 1/2¢ lower. Cash business was slower.

Her values started strong, but closed weak to 10¢ lower for the top grades. Western arrivals were slightly larger than a week ago and smaller than a year ago. Prices follow:

# Two Girls and Boy Rescued After Clinging for Hours to Overturned Sailboat—Companion Is Drowned

**SISTER OF YOUTH SLAIN BY HIS FATHER COLLAPSES AT INQUEST.** Left to right: Emmett Byrne and Harold Levy, assistant state's attorneys; Vernice Falk, with head in lap, supported by uncle, with handkerchief over his face; coroner's stenographer. (Story on page 2.)

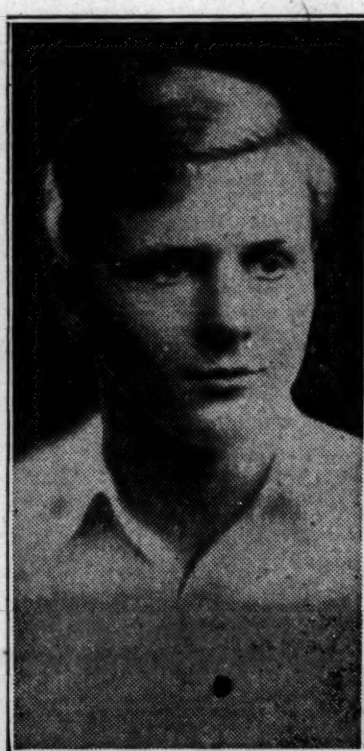

**THREE SAVED AFTER CLINGING ALL NIGHT TO CAPSIZED SAILBOAT.** Left to right: Shirley Conlee, Kenilworth; Harold Tarrant, Winnetka, and Marjory Oleson, Kenilworth, who were rescued after their companion, Fred Rummier, was drowned. (Story on page 1.)

**CATBOAT TO WHICH BOY AND GIRLS CLUNG FOR HOURS.** Sailboat which capsized off Winnetka back at its moorings in shadow of Columbus caravel, the quarters of the Buccaneer club in Wilmette harbor. (Story on page 1.)

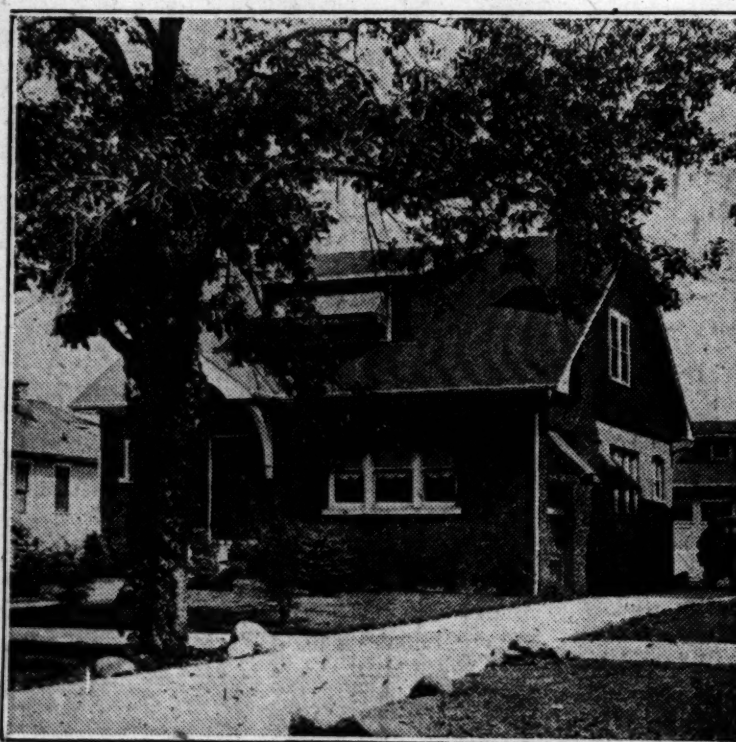

**SLAYER OF SON IS SHAKEN WITH REMORSE.** Arthur F. Falk, northwest park commissioner, who shot youth who chided him, begs police for chance to kill himself. (Story on page 2.)

**SLIPS TO DEATH.** Fred Rummier, Winnetka, who was unable to maintain hold on boat. (Story on page 1.)

**COAST GUARDS WHO RESCUED TWO GIRLS AND BOY FROM LAKE.** Left to right: David Lindstrom, W. T. Owens, and Paul Helman. Helman was in charge of the coast guards, who would have been too late if they arrived five minutes after they did. (Story on page 1.)

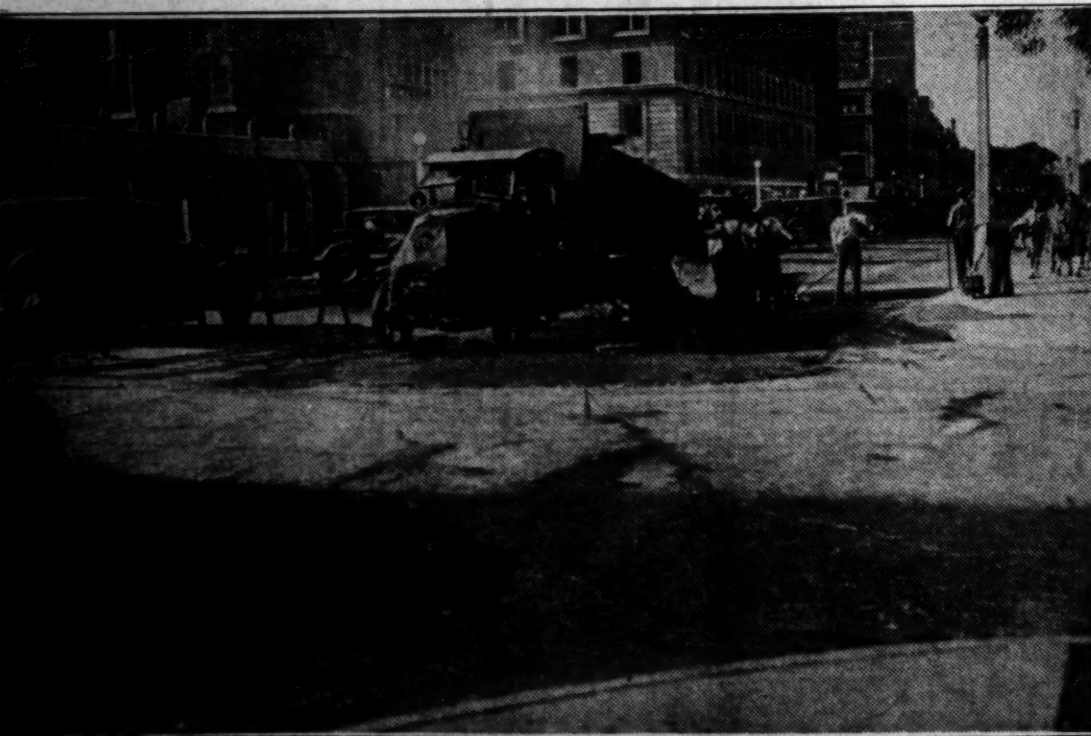

**WHERE DOMESTIC TRAGEDY TOOK PLACE.** Home of Arthur F. Falk at 2643 North Sayre avenue, where he shot and killed son who rebuked him because he had been drinking. (Story on page 2.)

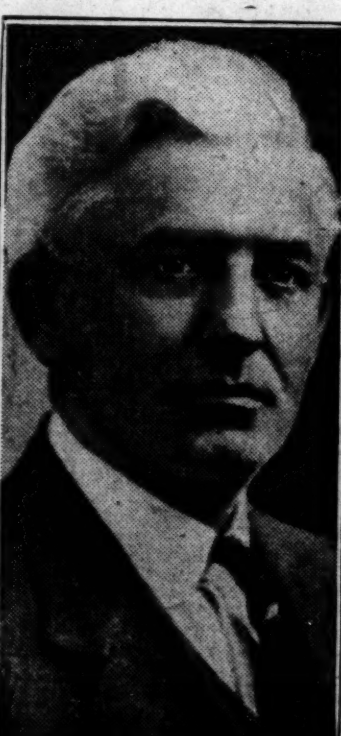

**WEATHER BUREAU OFFICIAL AND WIFE BACK.** Prof. Henry J. Cox, local forecast official, and his wife at Englewood Union station upon their return from Europe. (Story on page 15.)

**CHICAGOANS GREET NOTED ACTOR AT STATION.** Al Jolson (fifth from the right) and some of his local admirers who met him at the Union station on way to New York. (Story on page 29.)

**TRAFFIC BLOCKADE ON NORTH MICHIGAN AVENUE TO BE BROKEN.** The picture shows the work of correcting faults in the new pavement between Chestnut and Madison streets in progress. It was announced that obstacles to traffic would be removed today. (Story on page 15.)

**GOVERNOR DIES.** Gov. A. G. Sorlie of North Dakota, who passed away at Bismarck. (Story on page 18.)

**SOUTH SIDE STREETS CROWDED AS COLORED ELKS MARCH IN PROCESSION FIVE MILES LONG.** Parade of gayly uniformed men and women turning north on South Park way from 46th street on its way to the Wendell Phillips High school at Prairie avenue and Pershing road. There were 100 bands and many floats in the procession. (Story on page 8.)
